Horoscope by Frances Drake

For Thursday, March 18, 1999

ARIES

(March 21 to April 19)

Some things may be frustrating today, but keep your head and you will be better off. Group efforts prove to be beneficial, and you find that making a contribution proves to be rewarding.

TAURUS

(April 20 to May 20)

There are many options available to you, and you might find it difficult to choose. Doing the research and predicting outcomes will pay off in the long term.

GEMINI

(May 21 to June 20)

This is a great time to show your appreciation for your friends and loved ones. They could have input that may be valuable to you on a current project you're working on.

CANCER

(June 21 to July 22)

If people are behaving inappropriately, you may have to step up and say something. Being yourself and keeping your cool will help you handle any potentially difficult situation.

LEO

(July 23 to Aug. 22)

You may feel eager to move forward, but make sure that all of your ducks are in a row first. Your energy is running high, and if you choose wisely, you can make the best possible contribution you have to offer.

VIRGO

(Aug. 23 to Sept. 22)

If others are too demanding of your attention, remember that you can ask them to be patient. You may not have the time or desire to give them what they want. If you're focused, you can get a lot of things done.

LIBRA

(Sept. 23 to Oct. 22)

If you're feeling that your limitations are too severe, think about what you can do to get around them. Make an effort to accept yourself as you are,

and other people can learn from you.

SCORPIO

(Oct. 23 to Nov. 21)

Take time to find the method in the madness. Clarity will come when you have earned it.

SAGITTARIUS

(Nov. 22 to Dec. 21)

This could be a time when you're feeling young at heart, regardless of your actual age. Seeing things through the eyes of a child can prove to be very enlightening. There is beauty even in the bland.

CAPRICORN

(Dec. 22 to Jan. 19)

Anticipating the future doesn't necessarily make things happen. There are elements that you can't control, so don't bother trying. You may benefit from accepting some of your limitations.

AQUARIUS

(Jan. 20 to Feb. 18)

Sometimes clarity can be achieved by taking notice of the simplest things. If confrontations can be boiled down to their smallest parts, a better, deeper understanding may be achieved.

PISCES

(Feb. 19 to March 20)

If you remember your dreams, you might be burdened by what they mean to you. Try to avoid over-analyzing, and make an effort to be good to yourself. If people are too demanding, you can put some distance between you.

YOU BORN TODAY You are a born escapist, but not like Houdini. You find it very easy to slip into the depths of your mind, but what have you got when you emerge? Plenty. You have a special capacity for understanding what people around you are experiencing. You enjoy being empathetic, and it means a lot to you. Just make sure you take care of yourself, though.
