Dilbert

By Scott Adams

Horoscope by Frances Drake

For Tuesday, April 6, 1999

ARIES
(March 21 to April 19)

Take an objective look at yourself; you may see something that wasn't apparent before. If circumstances seem a bit ludicrous right now, the best thing to do is laugh.

TAURUS
(April 20 to May 20)

You may find yourself wondering why other people can't be as honest and trustworthy as you are. Realize that everyone else is not deficient; you are just very gifted in this regard.

GEMINI
(May 21 to June 20)

If you are unsure about whose word to go on, don't take any action at all. Let things remain as they are until you have all the facts straight.

CANCER
(June 21 to July 22)

You may feel powerless to help others at this time. Do not give up all of your efforts; instead, identify the places where you are most needed.

LEO
(July 23 to Aug. 22)

You may feel like a talk-show host or an advice columnist right now. Everyone wants your advice, and many people treat you like a celebrity.

VIRGO
(Aug. 23 to Sept. 22)

Set up a program to reward yourself later for the efforts you make now. The kudos you receive should be directly proportional to the amount of work you do.

LIBRA
(Sept. 23 to Oct. 22)

The habits of your fellow humans are a source of endless fascination and amusement. You learn a great deal by interacting with strangers at this time.

SCORPIO

(Oct. 23 to Nov. 21)

Be kind but honest when dealing with other people's ideas. You might have a better grasp on reality than many people who are much more outspoken than you.

SAGITTARIUS
(Nov. 22 to Dec. 21)

If you don't expect anything in particular, you may receive more than you ever could have imagined. It is probably safe to follow the current at this time.

CAPRICORN
(Dec. 22 to Jan. 19)

If the workday seems endless, make a list of mundane things to accomplish and check the clock each time you finish a task. Sooner or later you will be free to go.

AQUARIUS
(Jan. 20 to Feb. 18)

Go out and market yourself fearlessly. You will meet many people who think you are a great investment, and many other people will want you to join their conglomerate.

PISCES
(Feb. 19 to March 20)

You may reach a destination and discover it has been ruined by earlier traffic. Try not to criticize anyone's behavior until you know who sets the standards.

YOU BORN TODAY! It is difficult to keep up with you, both mentally and physically. Your energy seems endless at times, and your thoughts don't always follow a specific pattern. These traits make you seem superhuman at times, though in reality you need to take a break every once in awhile. You also need support from your peers and your family.

Birthdate of: Harry Houdini, magician; Merle Haggard, musician; Janet Lynn, ice skater.
