

Swanson, want to put our time towards making this University a better place for students. We will work for real solutions and concrete action to improve campus safety not only in, but around campus, the housing situation for student renters in neighborhoods around campus, access to child care for student parents and unfair and draconian University Housing policies. We will advocate for diversity on campus, the continued subsidy of athletic tickets for students, environmental responsibility on campus and for changes to academic requirements that are in the best interests of the students.

Together we have experience in advocating for student interests to state legislators, campus administrators, as well as to fellow students. We have solid, realistic plans to achieve our goals and feel responsible for their fulfillment.

We strongly support the ongoing boycott of Gardenburger, the re-establishment of OSPIRG on campus, the Progressive Slate of candidates, South Park on TCI in Eugene, among a number of other issues.

Brandon Smith

ADF Senate Seat #7

Ken Best

University of Oregon students are in danger of losing a significant number of seats at football and basketball games. Many students express anger and extreme disappointment with the Athletic Department over this proposal, and I feel the same way.

I believe that experiencing intercollegiate athletics is an important part of the college experience. Student seats should not be downsized, nor should their cost be unnecessarily inflated.

I also believe that it is in the best interests of the University and its students to actively promote recruitment and retention of minority students.

I believe that University Housing is endangering the safety of students living in fearful situations by not letting them escape those situations without excessive waiting times and charges.

I believe that our campus has not yet reached its goals for safety and for providing a community where one can walk around without fear of harm.

I strongly support the re-establishment of OSPIRG at the UO and urge all students to VOTE YES for OSPIRG in the elections.

I will fight for all issues which I believe benefit the entire student body. Vote for Ken Best, Finance Senator Seat 7.

VOTE FOR CHANGE, VOTE PROGRESSIVE!

Jennifer Greenough

My name is Jennifer Greenough and I'm running for the position of Athletic Department Finance Senator. Each term this year students paid over \$157 in incidental fees, about \$23.00 of which is used to purchase student athletic tickets.

The current Athletic Finance Senators are in negotiations with the Athletic Department. It is likely that an agreement will be reached before a new term will begin for senators. I am monitoring the negotiations and if elected I will work to regain any tickets lost in the next few months and decrease the incidental fee if it is increased for tickets.

Currently the income received by selling unclaimed student tickets to the general public is not recorded. If elected, I will work with the athletic department to devise a system of recording this information. I believe it is only fair to students to have this information and important for future negotiations.

It is critical for students to provide input and know how their money is being spent. I will be available to listen to students and am open to any suggestions.

On election day, remember to vote for someone who will work hard and represent students. Vote for Jennifer Greenough.

ASPAC

Jenny Obermiller

Student Rights. The environment. Tomato and cheese soup at the Glenwood. Everyone has a passion for something. As a member of ASPAC, one has the ability to be the voice who lobbies to representatives of the campus community about issues of importance to students. I would like to be that voice. I am running for ASPAC because I see three main areas where improvements should be made in the upcoming year:

- Campus Safety: Being a woman, I do not feel safe walking by myself at night. The campus needs to be better lit along the back pathway behind the Knight Library leading to the Residence Halls. OPS is working on a five-year plan to light the campus. I will do everything I can to expediate this process.
- Campus Diversity: Of the 17,000 students at the University of Oregon, only 12.6% are students of color. I will help to recruit more minority students who can bring broader perspectives and implement a more diverse array of student programs.
- Campus Housing: I will work on making housing con-

tracts and requirements less restrictive on students; specifically, buying out contracts and room switching.

VOTE FOR CHANGE!

VOTE PROGRESSIVE!

EMU Board at large

Rashree Parsad

As an EMU Board member, it will be my duty to make the EMU as accessible and enjoyable as it can be to the students as well as to the student programs. I want more programming to happen in the EMU and at a reasonable cost to students and programs. The EMU is our building, and it is important that we keep strong communication between the programs, ASUO and the administration. I will make it my responsibility to advocate for the needs of the students and the programs in the EMU.

As a member of the EMU Board I want increase the level of diversity on this campus.

Here are a few ways this can happen:

- Increase the involvement of students into programs.
- Promote the issues/concerns that students are facing to the ASUO.
- Make positive and effective changes on campus that will benefit all UO students.
- Include the International Student Unions with other UO unions.

Vote for a student who cares about your rights in the EMU! Vote Rashree Parsad! Vote for change! Vote Progressive!

Tifani Jagodnik

Each year as students you pay incidental fees. The fees help create the kind of diverse experiences you expect when you come to a university. As an EMU Board member I will make sure that your incidental fee dollars are being held accountable and that the fees are spent with your best interests in mind. The EMU is your building, built with your money. As an EMU Board member I will make it my priority that the EMU stay focused on the best interests of the students.

Working in the ASUO office has exposed me to many areas of campus that need improving. If elected I want to make

the campus the best place for students. Along with keeping the EMU in student control I want to accomplish the following:

Making the campus safer through improving lighting and promoting a harassment-free environment.

Increasing diversity by recruiting and retaining students and faculty of color.

And holding housing accountable to university students.

The University is our marketplace of ideas. That is why I strongly support the re-establishment of OSPIRG and urge you to vote yes for OSPIRG!

VOTE TIFANI JAGODNIK!

MU Board Seat #4

Scott Shoji

Your voice. This is the essential faculty to bring about desired changes and have your opinions heard. Your voice is a power unto itself and collectively; as a student body we possess an even greater power to actively seek change. I am running for Student Senate to bring our voices together into a powerful unifying message.

As a student senator I will work to the best of my ability to bring your voice to this University and work for the students of this campus. Many issues that I believe are important to the betterment of the student body are:

- Actively recruit and retain students and faculty of color.
- Change the current \$9 a day charge for breaking contract with University Housing.
- Increase the lighting on campus and overall campus safety.
- Student control of the EMU.
- Supporting the re-establishment of OSPIRG at the UO and urging students to vote YES for OSPIRG in elections.

Let your voice be heard!
Vote for Scott Shoji! Vote for change! Vote Progressive!

EMU Board Seat #6

C.J. Gabbe

I want to see the University of Oregon be the for best stu-

dents that it can be. In order for us to achieve our potential we need to do improve in many areas. We need to:

• Increase diversity on campus through recruiting and retaining more students and faculty of color.

• Make sure that no one fears for their safety on this campus from any type of crime.

• Work to make University Housing more responsive to student needs, including reducing or eliminating the unfair \$9/day Contract Buy-Out fee.

• Regain student control of the EMU: It's our building, paid for by our fees, and students need to be in control.

In my work advocating for students in the past two years through the ASUO, USSA and in student programs, I have seen many great things and glimpses of the potential that we still can achieve. I have also seen the great work OSPIRG does representing student interests and urge all students to vote Yes for OSPIRG in the election. I am committed to change and I am committed to improving the lives of students.

Vote C.J. Gabbe for EMU Board Senate Seat #6

PFC At Large

Amber Bieg

As a PFC member I want to maintain and help promote new programs that establish diversity and opportunities at the University of Oregon. I believe that it is critical that the allocation of our student fees be appropriately distributed to the programs that provide a diverse and intellectually stimulating learning environment.

Further as a leader, it is my duty to make these things happen:

Promote diversity on campus by recruiting students and faculty of minority groups.

Increase the safety on our campus by establishing a hate-free policy and improving lighting of campus walkways.

Aid in promoting fair and appropriate housing contracts for students.

I believe that all of these improvements would make our campus a better place for us to achieve success for our futures. Vote for a leader who cares for your future and your rights.

Vote Amber Bieg! Vote for change, vote progressive!

PFC Seat #1

Helen Stocklin- Enright

The past year has seen an increase in the amount of student programming on this campus. In turn, this calls for the responsible and equitable
