allocation of student incidental fees to each program through the Programs Finance Committee. As a member of this committee last year, I learned about each aspect of the budget process and will use this knowledge to develop a smooth transition for both student groups and new Programs Finance Committee members.

In addition, as a new member of the Student of Senate, I want to work with students faculty, administrators and programs for:

- Increased lighting and campus safety so that students can feel safe walking alone at night.
- More diversity on campus so that students and faculty of color have more representation at the University.
- Decreasing the fee that students pay to move out of University Housing.

Overall, I can effectively listen to and represent the concerns of students on the Programs Finance Committee and the Student Senate. I strongly support the re-establishment of OSPIRG and urge all students to vote yes for OSPIRG.

VOTE FOR CHANGE.
VOTE PROGRESSIVE!

PFC Seat #3

Mo Morrison

My name is Mo Morrison. I am running for Programs Finance Committee (PFC) senator. A PFC senator is responsible for allocating over two million dollars to more than eighty ASUO programs. If elected I want to focus on improving:

- Campus Safety: Rally for better lighting on campus.
- More efficient conduct code.
- Diversity: Work toward hiring and retaining more faculty of color.
- Recruiting more students of color.
- Student Funding: Increasing the knowledge committee members have on issues that effect student funds.

I am currently the programs committee member of PFC, and I am the director of Project Saferide. Both of these positions give me the added edge the PFC senate seat needs to make informed decisions that students will benefit from. My ultimate goal is to bring a more diverse group of people and ideas to the senate. I strongly support the re-establishment of OSPIRG at the UO and urge all students to Vote YES for OSPIRG in the elections. SO VOTE FOR CHANGE, VOTE PROGRESSIVE!

Rec & Fitness (1-year seat)

Erin McLaughlin

I am sure you have seen the new recreation facilities now being built. Your student inci-

dental fees help fund these recreation and fitness programs. Along with increased facilities come many decisions on further development and usage. I spend several hours a day in our recreation facilities playing pick-up games or working out. I also play, officiate and supervise the intramural sports, which use these facilities. If I am not playing hard, I am working as an athletic trainer for everyone who is working hard. I understand the needs and desires of active students who use our facilities. My experience and involvement has shown me the recreation programs from many angles and makes me a good voice for all students who spend countless hours at Esslinger. I am very excited about the new recreation and fitness center and representing you on the advisory board.

Joseph Neron

(no statement)

Senate Seat #9

Jamilia Singleton

Student voice is essential to a fun, educational and tolerable campus life. The experience behind the voice provides service to all students. I have represented students on the Athletic Department Finance Committee (ADFC) for winter term, along with being the co-director of the Black Student Union and an advocator for increased campus diversity. Change can happen in the Student Senate.

Working with the Athletic Department to keep incidental fees AFFORDABLE for all students, keep desired tickets in Mac Court and Autzen Stadium. Negotiating for more usage of these facilities for concerts and other student events.

Student control of student fees, campus safety and increasing campus diversity are issues I strongly advocate for on Senate.

The Student Senate needs a diverse group of qualified, honest, committed leaders in order to achieve these goals. To bring my voice to this body insures your voice is heard and the campus is a more diverse environment for our education. We will work together to make change. Vote for change. Vote Progressive. Vote Jamila Singleton for Senate.

OSPIRG is one of only two groups working to protect student control of student fees, and I strongly urge students to vote Yes to re-establish OSPIRG.

Senate Seat #11

Ryan Lawrence

We have some big problems on this University. People feel unsafe walking across campus late at night, University Housing is unresponsive to the needs of students, and minority students of color feel out of place with our lack of campus diversity. The answer to these problems is to elect students who care about these issues and are willing to challenge the administration status quo. I and my Progressive colleagues are ready and able to tackle these issues by supporting and sponsoring better lighting on campus, holding University Housing accountable to the needs of students and supporting and retaining students and faculty of color.

The only way that these issues can be met is if students are able to keep control of our student incidental fee. This fee funds student activities on campus, from the Student Unions to the Outdoor Club. The best way that students can protect their interests and have their voices heard is to support groups like OSA and OSPIRG, that fight for the rights of students in our legislature.

I will work hard to see these changes brought to the University. I will work for a safer, more diverse campus. Remember to vote for change, Vote Progressive.

David Sanchez

In campaigning for the ASUO Senate, I emphasize three related issues: (1) Retaining our democratic student incidental fee system and ensuring this system runs efficiently and effectively as possible; (2) Emphasize student involvement in all aspects of university life; and (3) Encourage a better sense of community on campus.

Specifically, I will pursue the following goals:

- In response to recent controversies regarding the student incidental fee (including issues raised during the recent ASUO Special Election and the current Oregon legislative session), I will seek to provide more information about our student incidental fee system, how program budgets are allocated and why the incidental fee system is the cornerstone of a democratic student government.
- Ensure students are represented on every possible university committee.
- Encourage students from underrepresented groups to be more active in the ASUO.
- Advocate a greater sense of mutual respect and civility within the ASUO, especially among opposing groups.
