

the elections.

- University Housing should make accommodations for students living in fearful situations by letting them escape contracts without excessive waiting times and charges.

Fighting for YOUR rights. Making YOUR college experience better.

Vote for Change! Vote Progressive!
Vote ANDREW SCHNEIDER for Social Sciences seat 15.

As members of the ASUO we may reasonably expect our student government to pursue our best interests in all that it does. Whether that means exercising caution when dealing with student fees, constantly reviewing its own decisions and, most importantly, keeping in touch with both the interests and concerns of the student body as a whole, I believe that I am qualified to do so.

Senate Seat #16

Waweru Gatimu

Greetings, my name is Waweru Peter Gatimu, some of you may know me as

Roolyfe, Hollywood, the StyleWriter, Scratch 'n' Sniff and/or just plain funny man on campus.

I am running for the Science Seat #16. Just like the Periodic Table, I have elements. Carbon, Oxygen, Thallium, Nitrogen, Gold Silver ... Oops, I mean my qualifications:

- Knowledgeable
- Experience
- Motivation
- Results
- Action

Being an African-American, I would strongly like to see more recruitment and retention of students of color and faculty (especially science department) to the excellent school we all choose to attend— The University of Oregon. I will make it my job to work and fight for students, honor diversity, and try to listen to the students' voices on issues. We depend on the University to enhance our education, as well as our lives. The key elements are:

- The Diversity 2000
- Campus Safety
- University Housing [being] more responsive

I intend to bring the perspective of the average student to the decision-making process. I support the re-establishment of OSPIRG at the University of Oregon and urge all students to Vote Yes for OSPIRG in the elections plus for Waweru Gatimu. As a science student I strongly see the needs most science students have on campus.

VOTE FOR CHANGE. VOTE PROGRESSIVE!

Remember if you do not stand for something, you will fall for anything.

Senate Seat #17

Mike Dixon

I want you to vote! I want you to think before you vote! What do you want as a student? A positive change on campus? You have the voting power to change this campus, but only by voting for people

that want that same change. I want to be your voice and bring this campus to its full potential.

The Student Senate represents the entire student body regarding the allocation of funds to various student organizations and clubs. As a current Student Senator, I have felt it is very important that all University Students are well represented. This means all cultures, religions and races, without outside bias. Diversity is a major key for success, and the Senate must be a diverse body to represent students well. Having a strong international background, I will help represent diversity better on this campus.

If elected to Student Senate, I will make sure that this campus moves towards a more diverse future, funds are distributed fairly and most importantly, that the student voice is heard. I also support the re-establishment of OSPIRG and urge all students to Vote Yes for OSPIRG. VOTE FOR CHANGE! VOTE PROGRESSIVE!

James Eddy

Students at the University of Oregon pay approximately

\$475.00 in incidental fees each year. In order to make college education more accessible to all students I propose that we control the growth of incidental fees. I believe that student groups contribute to the diversity of our campus, and are an essential part of a well rounded education. As senator, I would work to increase student participation in all aspects of campus life. This would increase awareness as to how funds are spent, which is necessary if we are to slow the growth of the incidental fee. The rising cost of tuition is also a concern for many students. I would work with the state legislators to continue the current freeze on tuition. Through student awareness and activism, we can achieve our goals of cutting costs without impairing the diversity of our school.

If elected to Student Senate, I will work to control the growing costs that students face. Being active in student politics, I know what problems students encounter and I will always work in your best interest. I am dependable, honest and hard working. Vote for James Eddy, for Senate Seat #17.
