

Student-Elected positions

PFC at-large (2-year position)

- Emily Sedgwick
- Robin Miller

Student Senate Social Science Seat #15

- Andrew Schneider
- Scott Reed

Ballot Measures

Ballot Measure #1: Designated Driver Shuttle

Shall the \$26,212 allocated to the Designated Driver Shuttle, by the PFC, in the spring of 1998 to be transferred by the ASUO Executive for use by the Designated Driver Shuttle as follows:

- Transfer of \$20,000 to DDS account code 23501, for the purchase of a replacement vehicle.
- Transfer of \$3,600 to DDS account code 10500, to cover unforeseen payroll costs.
- Transfer of \$1,800 to DDS account code 20101, to cover administrative costs.
- Transfer of \$812 to DDS account 24603, to cover advertising expenses.

Ballot Measure #2: Gardenburger

Shall it be resolved that the students of the University of Oregon formally request the University of Oregon cease purchasing Gardenburger brand products effective July 1, 1999?

Ballot Measure #3: OSPIRG

Do you support funding the Oregon Student Public Interest Research Group (OSPIRG) from student incidental fees at a rate which reflects approximately \$2.88 per student per term for a total of \$128,000 per year for two terms beginning July 1, 1999?

Ballot Measure #4: Elections Dates Constitution Change

Shall the ASUO Constitution be stricken:

Rule 12.1: "The regular ASUO election shall be held no earlier than (April 1 and no later than May 1) of each year" and be amended to state: "The regular ASUO election shall be held no earlier than (February 15 and no later than April 1) of each year."

Ballot Measure #5: Designated Driver Service Funding #2

Shall student incidental fees be increased by approximately \$1.45 per student per term for a period of one year to generate \$72,878 to fund the operation of the Designated Driver Shuttle as follows:

■ Payroll	
Director	\$5,040
R&D	\$4,200
Operations manager	\$3,360
Advertising/PR	\$3,360
Drivers/Navigators/Dispatchers	\$48,426
■ Operations	
Maintenance/Training/Gas/Supplies	\$5,050
■ Administration	
Advertising/Printing/Telephone	\$3,442
Postage/Long Distance	
TOTAL	\$73,878

Ballot Measure #6: LTD Funding Statement:

(This fee must be allocated as an exact fee per

student because Lane Transit District requires payment on this basis.) Student fees currently fund unlimited bus service within the Lane Transit District for all currently registered U of O students. Unlimited bus service means that any currently registered U of O student may ride any LTD bus anywhere in Lane Transit District's service area, as often as desired, by showing the bus driver a U of O identification card valid for the current term or semester. This unlimited bus service also is provided between consecutive terms, meaning that a valid identification card for one term continues to be valid until the first day of the next term/semester.

Question:

Shall a student incidental fee be established at \$7.06 per student per term to generate approximately \$360,000 to fund unlimited bus service within the Lane Transit District service area for all currently registered U of O students for the 1999-00 fiscal year? Law students would pay \$10.59 per regular semester and \$7.06 per summer semester.

ASUO

Continued from Page 1A

stitution Court ruling but also felt a great deal of relief that the deliberation was over.

"It is a big stress-reliever after working really hard for three weeks," Chen said.

A second appeal was from C.J. Gabbe, who requested a reversal of the Elections Board's decision to dismiss his grievances concerning Duck Web. The Court denied Gabbe's appeal.

The court did not rule out the possibility that the Duck Web system may have imperfections. However, it acknowledged

that part of Gabbe's requests were inapplicable as the Elections Board decided earlier Tuesday to remove Duck Web as a voting option.

The board decided to not use Duck Web for voting because of many complaints they received from students.

Not knowing that the Constitution Court's ruling on the primary election had made their candidacy a moot point, the team of Dan Reid and Matt Swanson dropped out of the race for ASUO Executive.

Reid wished Chen the best of luck and

said his decision to withdraw was necessary.

"It is impossible to do anything about the issues that we attempt to influence if we continue to waste our time, our energy and our dignity by bickering about every last little thing that may have gone wrong with the elections," Reid and Swanson said in a letter addressed to the campus community announcing the team's withdrawal.

The Constitution Court also ruled on two grievances.

One grievance was filed by Eric Pfeiffer,

who alleged faults with the voting system and requested reinstatement on the general elections ballot. The Constitution Court found the grievance improperly filed and dismissed the issue.

Another grievance was filed by Brandon Hartley against the ASUO Elections Board.

He claimed he was wrongly removed from the ballot for misrepresentation at a mandatory candidates meeting. The court ruled the board was correct in its decision and the requirement to attend the meeting does not violate the ASUO Constitution.
