- b) The Emerald
- c) Fun
- d) All of the above

Horoscope by Frances Drake

For Friday, May 21, 1999
ARIES
(March 21 to April 19)
Creativity is your closest companion, and expression is essential to your every interaction. Feel the freedom of finger paints and use colors that reflect your true feelings.
TAURUS
(April 20 to May 20)
A struggle is catalyzed in many of your power plays today. Leave arrogance by the sidelines and righteousness off your ticket in order to achieve the best possible results.
GEMINI
(May 21 to June 20)
Opinions flow back and forth like a great volley at a tennis tournament. Stand strongly by the ideas that you voice, but be open to the thoughts that others serve your way.
CANCER
(June 21 to July 22)
Before you crawl out on a limb, make sure that you can afford the start-up costs and the consequences. Plant your roots in firm soil, and keep in mind the seasons that are to come.
LEO
(July 23 to Aug. 22)
Warmth surrounds you on all angles. You radiate it from your soul and absorb it from the sun. Your confidence will help you find the center of your energy source.
VIRGO
(Aug. 23 to Sept. 22)
You want to be organized, but outside forces may be meddling in your orderly systems. Be flexible when it comes to the way in which you process your filing.
LIBRA
(Sept. 23 to Oct. 22)
If there is a call put forth for a leader, you answer it with a smooth sense of style. You find that the answers come

easily, and the navigation fits in well with your grand plan.
SCORPIO
(Oct. 23 to Nov. 21)
What feels like a career crisis may be partly in your mind. Take it one step at a time, and don't call any attention to the path that you may find yourself proceeding down.
SAGITTARIUS
(Nov. 22 to Dec. 21)
Even beyond the cookies, your fortune is nothing but good. Have it told or take the time to tell it to others. You are in for a wild ride that is altogether fascinating.
CAPRICORN
(Dec. 22 to Jan. 19)
Watch for the worst in business. See your investments through, and work one-on-one with your co-workers. The warning keeps you mostly in the clear.
AQUARIUS
(Jan. 20 to Feb. 18)
Set your fixed ideas aside and add a little spice to your life. Even if you don't fully accept what is new, trying it will expand your mind. Creativity will keep you moving forward.
PISCES
(Feb. 19 to March 20)
Leave the gossip aside and let the rumors roll on by. Minding your own business allows you to maximize your day. It also keeps the prying away from your private life.
YOU BORN TODAY Dexterity reveals the duality of the talents that you hold tightly within your magical mind. Fact-finding, gossip seeking and intriguing inquisitiveness keep your heart pumping and your brain roaming through all of the alternatives. Stimulation is essential to creating the positive energy that drives your survival.
Birthdate of: Henri Rousseau, artist; Robert Montgomery, actor; Mr. T, actor.
