Horoscope by Frances Drake

For Tuesday, June 1, 1999

ARIES

(March 21 to April 19)
As the tortoise and the hare line up for a rematch, you aren't sure which side to take. Be wary of determining the winner without watching the race.

TAURUS

(April 20 to May 20)
The concreteness of your plans dries completely, still leaving a hint of where you placed your initials. Your desire to travel is now set solidly in stone.

GEMINI

(May 21 to June 20)
You may be ready to seal the deal, but your co-workers might be thinking twice. It seems confusing, but a partner can become a credible authority.

CANCER

(June 21 to July 22)
You meet with opposition as you set out to move forward. This could cause you to rise to a new level and defend your position, or to take a big step back.

LEO

(July 23 to Aug. 22)
Push your ego out of the picture, at least for a little while. Your enthusiasm could be misinterpreted as arrogance if you are not careful.

VIRGO

(Aug. 23 to Sept. 22)
You set off on a day that promises to be full of fun. Delve into what makes you smile and share your secrets with someone who is looking to feel special.

LIBRA

(Sept. 23 to Oct. 22)
The foundation seems to be sloping and the front porch is sagging, as you realize that there may be an imbalance at home. Spending some time thinking it through helps to set it straight.

SCORPIO

(Oct. 23 to Nov. 21)

Your boss is likely to be singing sweet songs and skipping through your office in a mood that appears quite magical. Take advantage of the moment.

SAGITTARIUS

(Nov. 22 to Dec. 21)
You awake with the image of dollar signs floating before your eyes and the sound of change jingling in your ears. Pinching pennies won't make as big a difference as sparing your savings.

CAPRICORN

(Dec. 22 to Jan. 19)
When you give someone sound advice, in return they might augment the favor that they feel they owe you. The rhythm in your movements has everyone singing.

AQUARIUS

(Jan. 20 to Feb. 18)
If you don't resolve yourself to discipline, you might feel like you are flailing. Take hold of the reins and pull back before the horses have you galloping down a road you don't recognize.

PISCES

(Feb. 19 to March 20)
You have friends in high places who have made it there with your help. They give you credit where credit is due, and this helps raise your stature.

YOU BORN TODAY Stimulation is the spice in your life that makes it all interesting. Your flexible nature has you bending and stretching every which way in your pursuit of knowledge. You are entertaining in the ways in which you choose to express the amazing thoughts that you carry in your mind.

Birthdate of: Alanis Morissette, singer; Marilyn Monroe, actress; Andy Griffith, actor.
