Washington.

On July 9-10, the beautiful Gorge Amphitheatre in George, Wash., will play host to the remarkable lineup of Luscious Jackson, Sandra Bernhard, Mya, Liz Phair, Sheryl Crow and Sarah McLachlan on the main stage. Bijou Phillips, Sixpence None the Richer and Beth Orton will rock on the second stage, and Nikol Kollars (July 9 only), Loni Rose (July 10 only), Eden AKA and a band that is yet to be announced will entertain on the third stage.

Doors open at 4 p.m. on Friday

and 3 p.m. on Saturday. Tickets are still available through Ticketmaster at G.I. Joe's in Eugene. A dollar of the cost will be donated to Eastside Domestic Violence Center on Friday and Domestic Violence and Sexual Assault on Saturday.

Civic Stadium, a much closer venue but not as pretty as the Gorge, is the Portland site for the Lilith Fair on July 11. Both the main stage and the second stage will sport the same lineup as the Gorge. The third stage, however, will showcase Stephanie Schnei-

deman, Eden AKA and a band that is yet to be announced.

Doors open at 2 p.m. Tickets are still available at G.I. Joe's. One dollar will go toward the Domestic Violence Resource Center.

Hole was originally a member of Lilith Fair, but because of a film obligation for Courtney Love, the group is no longer a part.

Regardless of the lack of that group, however, the 1999 Lilith Fair is sure to please, reacquaint you with your feminine side or get you in touch with one you never knew you had.

Horoscope by Linda C. Black

TODAY'S BIRTHDAY (July 8). Old friends are the best this year, and they could add to your wisdom, as well as to your bounty. An unusual tactic could fatten your savings account in July, but take care not to spend it all on a good cause in August. A friend's advice could help you earn more in September, and a child or lover is your major expense around November. Use your imagination to locate a buried treasure in December. Don't let a loved one run up a debt for you around February. This on again off again year turns out well for you, financially, by May.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 6 — That Taurus moon is squaring a couple of other things in fixed signs, meaning it's likely the brakes are on. Hold back on new ideas. Contemplate them just a little while longer. Tomorrow will be a better time to act. You won't be able to take a break when the action's hot and heavy, so do it now.

TAURUS (April 20-May 20) — Today is a 6 — You are very powerful right now, much more so than you would appear on the surface. You're also very lucky. So, go ahead and speak up if you see something the others are missing. The odds of that happening are pretty high. Don't keep your opinion to yourself. It might make a big difference.

GEMINI (May 21-June 21) — Today is a 6 — An older person's assistance may seem like just the opposite. For example, you may have to jump through a few more hoops in order to get what you want. This could inspire you to find what you need somewhere else, almost forcing you to use more of your talents. Go out and create something magnificent.

CANCER (June 22-July 22) — Today is a 7 — You might be thinking about divvying up your winnings today, putting some into savings and some into petty cash. All that's OK, but hold off on taking a financial risk. Something that looks like a good deal could have hidden costs attached. Make sure you check it out and read all the fine print before you sign anything.

LEO (July 23-Aug. 22) — Today is a 4 — You already know what's going to be required of you by now. It's the same old routine that you're used to. Instead of resisting the status quo, go along with things that can't be changed. Your opinion is more likely to be heard if you offer it from the same side, instead of from an adversarial position.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 —

This is a great day for fun and games, going on a trip, or planning one. You and your friends need to have a fun excursion once in a while, just to keep your spirits up. A reunion in a favorite spot would be just about perfect. The more of the old gang you can get together there, the better.

LIBRA (Sept. 23-Oct. 23) — Today is a 6 — If you want to learn how to wheel and deal, watch the people who do it naturally. And if you're going to take notes, do that in your head, not on paper. They don't like being watched; although if you ask for advice, they'll be only too happy to give it. Just be careful not to talk too much.

SCORPIO (Oct. 24-Nov. 21) — Today is a 5 — It's a practical, hard-working day, and that's the kind of person you are, too. There might be something of a mechanical breakdown, but that's all right. You'll figure out a way to fix it, or you'll simply have it done by someone else. You're not only creative and resourceful, but you also don't have any trouble delegating.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — You're interested in traveling or visiting with a distant friend, maybe even on the phone or Internet, but your work precludes that activity. In fact, if your boss catches you spending all your time goofing around, you could be in big trouble. Schedule your interlude with a fascinating friend for the weekend instead.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — You work hard, but how much time do you give yourself to play? There are little, simple pleasures in life, and if you're like most Capricorns, you tend to put off indulging in them. Well, today, you have permission for a special treat. You've earned it. If you have someone to share it with, so much the better.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 4 — The predicament you're up against today is not just technical. It also has to do with the personalities involved. Some people just don't want to go along with what the others suggest. Here's a clue. Get them to agree on one overall objective, and you'll have a better chance of getting them into alignment. Without that, forget it.

PISCES (Feb. 19-March 20) — Today is a 7 — Tune in to the wants and needs of the people around you today, especially the people you love. You're a compassionate person anyway, but today, that capability is heightened, and you might find yourself wishing you could solve everybody's problems. That might not be possible, but you could certainly help, simply by listening.
