Monson readies for sanctions

By George Dohrmann
College Press Exchange

ST. PAUL—Dan Monson said he isn't worried about the pending NCAA sanctions he will inherit along with the rest of former coach Clem Haskins' men's basketball program because "I am expecting the worst."

Monson, the new Minnesota coach, said Saturday: "I have talked with [school officials] about worst-case scenarios, so I am coming in with my eyes wide open. But we are starting new."

But with a little of the old hanging around.

Because of alleged academic fraud and other wrongdoing under Haskins' watch, which led to his buyout by the university, Monson's first team at Minnesota is likely to be penalized by the NCAA. University President Mark Yudof said the final report on the academic fraud is expected in September. After review-

ing it, school officials likely will self-impose penalties in the hopes the NCAA will see no need for further penalties.

Yudof said he will wait for the report before determining if others need to follow Haskins out the door. Administrators such as McKinley Boston, the vice president for athletics and student development, and men's athletics director Mark Dienhart are under scrutiny for the years the academic fraud occurred.

Others contacted about the Minnesota position, including Utah coach Rick Majerus and Virginia athletics director Terry Holland, expressed concern over the uncertainty of sanctions, which might include a ban on postseason play and/or television appearances and a loss of scholarships, or probation.

Monson said he isn't one to speculate or dwell on what might happen. He also said the jolt Min-

nesota received when the academic fraud first was reported by the Pioneer Press on March 10 might have helped the university value the way he ran Gonzaga's program.

"With where this program is, they knew a coach had to do it the right way. Academics have to be a priority," Monson said.

"So, I don't view the problem as a negative."

"But I was cautious in making the next step because I wanted to get to a situation where the administration valued how my program was run. Not to a program where the attitude is to win at all costs."

Yudof said that is not the attitude at Minnesota, and he told Monson as much Saturday.

"I talked with him about what I thought Minnesota and the people of this state needed and wanted in a coach," Yudof said.

"They want someone who runs a clean program, who values academics."

Horoscope by Linda C. Black

TODAY'S BIRTHDAY (July 27). The competition is fierce this year, so pay attention. In September, you could get a raise just because you're so cute, but you'll have to prove you know what you're doing to advance in November. In December, fun and games is your prevailing theme, but in February, there's another test to prove that you have all the facts and figures. If you pass that one, you could take on more responsibility around May and get yourself into a job you could live with for years.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 7 — Your friends want you to go and play, but your sweetheart has other plans. You're going to have to juggle, but that's OK. You're good at that. If you make the right choice, you could also make a profit. Romance will go better on Sunday if you can postpone it.

TAURUS (April 20-May 20) — Today is a 6 — Slow and steady is the pace today, which is fine. You don't want to rush into anything, especially concerning your work or your area of greatest success. Today, playing by the rules is important. A strict teacher's instructions may be complicated, but if you can follow them, your chances of success greatly improve.

GEMINI (May 21-June 21) — Today is a 7 — Your fondest dreams might be realized today, or at least become substantial. First, figure out what they are. Then, achieving them becomes much easier. A person tells you how hard it will be. Instead of being enemies, realize that he or she is probably your best coach.

CANCER (June 22-July 22) — Today is a 6 — This combination is good for lucrative business deals, one of your favorite things to pull off. If you do it today, it'll be because you have the facts at your fingertips. That's what will impress the lender, or the person who has all the money.

LEO (July 23-Aug. 22) — Today is a 7 — You work well with a partner, especially now, since you have no choice. You've got more on your plate than you could possibly handle. Let another person do the technical stuff in which you have no interest, and you'll get much further.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 —

Your workload is getting heavier now, and you might as well just relax and enjoy it. You'll have to pay close attention to the mechanical parts of your job. The machinery could break down, causing problems, so make sure you have spare parts.

LIBRA (Sept. 23-Oct. 23) — Today is a 7 — You have so many invitations, it's hard to know how to choose among them. Unfortunately, you may not be able to do them all. If you want the best long-term investment, spend the majority of today with somebody who loves you and will help make your dreams come true.

SCORPIO (Oct. 24-Nov. 21) — Today is a 6 — Conditions in effect bring just about everything to a grinding halt. You may have to pinch somebody hard to get things moving again if that's your intention. If you do that, be careful who you pinch.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 7 — You'll have lots of options today, and most of them should be interesting. Looks like higher education is beckoning again. If you've already got your degree, how about another one? Education is linked now to making your dreams come true, but you have to do the work. Better get started.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — Indications are strong all week that you've got some serious financial decisions to make. Do what you love, and the money will follow. Hey, that's the permission you've been waiting for! And, have a great time while you're at it!

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — You rely more on facts than fantasies most of the time, but right now you could take a leap of faith and actually make it across the chasm. The competition's nipping at your heels, and that's a good enough reason to try. Hey, if you could figure it all out ahead of time, where'd the fun be?

PISCES (Feb. 19-March 20) — Today is a 7 — Not only do you have the work you already know about, but there's some that you haven't even been assigned yet. Get a neat woman to help you set priorities so you don't get frazzled. Your intuition's on target; trust that plus your own sixth sense about another person.
