Horoscope by Linda C. Black

TODAY'S BIRTHDAY (July 29). Opposites
attract, and you could be attracted to somebody
or something quite different than you usually
find fascinating. The experience will be educa-
tional, if somewhat confrontational. It's all part
of growing up. Love and money are linked in
September, so that ought to be fun. Action is re-
quired at home in November, but by December,
your sense of humor should have returned. In
February, you'll be asked to try something a lit-
tle different, which you can do by using old
skills. Around May, a decision you make could
cinch the job you've wanted.

To get the advantage, check the day's rating: 10
is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 7
— This is not a good day to take a risk, with
either love or money. Although you feel like both
are abundant, you might discover the opposite
is true. You could come up with more ways to
spend than your resources can afford. Stick
with the tried and true, and you should be fine.

TAURUS (April 20-May 20) — Today is a 6
— Unexpected developments could cause you
to rely on old skills today. You'll be delighted
to discover you have the reflexes necessary to
divert an attack or solve a problem quickly, but
even more important is your good judgment.
Knowing when to act and when to wait is im-
portant now.

GEMINI (May 21-June 21) — Today is a 7 —
Somebody's leaning on you, expecting results,
but every time you turn around, there's another
delay. Forces beyond your control seem to be
resistant to change, so stop fighting and go with
the flow. The routine you learn now could help
you move more quickly later.

CANCER (June 22-July 22) — Today is a 6
— Things are still moving slowly. Don't be im-
patient if you're buying or selling. People have
to think all their options out carefully. If some-
body comes back two or three times to look at
an item for sale, that's a good sign. You don't
have to come down far on your price.

LEO (July 23-Aug. 22) — Today is a 6 —
Most of the complications are over by now.
Mainly, all you have left to do is the mop-up.
That's an important part of the game, so pay at-
tention. Although you've achieved a lot in the

past few days, the biggest reward is yet to
come.

VIRGO (Aug. 23-Sept. 22) — Today is a 6 —
You're under a tight schedule. Other people
need what you can provide as fast as you can do
it, but there is an end in sight. The worst of it
will be over by tomorrow, so schedule a special
treat for then.

Libra (Sept. 23-Oct. 23) — Today is a 7 — You
should be in a good frame of mind. You have
lots of options, but that's just one of the prices
you have to pay for being so popular. The thing
you'd like to do the most may be the most diffi-
cult, too, but that just adds to the challenge.

SCORPIO (Oct. 24-Nov. 21) — Today is a 6
— People still don't see eye to eye. At least,
you should know where they all stand by now,
and that is helpful. The resistance should be
down by tomorrow, so rally your troops. That
would be the best time for your full-out assault.

SAGITTARIUS (Nov. 22-Dec. 21) — Today
is a 7 — Several things you've tried lately
haven't worked as well as you'd hoped. Maybe
there's something still undone that needs to be
finished first. Look around and see if you can
find it. Get it out of the way. Once you've
learned to do that, things will get a lot easier.

Capricorn (Dec. 22-Jan. 19) — Today is a 7 —
The coast is almost clear to achieve your goals,
and by now, you should be pretty certain what
they are. There's one last barrier to overcome,
and you probably already know what that is.
Just keep chipping away at it.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 6
— Your major controversies are just about re-
solved. You and a partner have been hassling
off and on for the past couple of days, but you
should have everything worked out by now. Go
ahead and make up so you can get on to other
business.

PISCES (Feb. 19-March 20) — Today is a 7
— The worst of the work has been done by
now, and you're ready to get some time off.
There are still a few things to finish up, howev-
er. If you do have to deal with a breakdown, go
to the manual first. You'll save yourself a lot of
time.
