Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Oct. 14). This year push yourself to learn, and you'll emerge much stronger. Solve a riddle to save money in October. Let go of something to gain something better in November.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 — Does something at home need to be fixed or rearranged? Is there something you'd love to throw away so you'd have an excuse to buy new? Could you clean out the garage and rent it as a spare room? Do something that changes your life forever — for the better.

ARIES (March 21-April 19) — Today is an 8 — You might take off on an adventure. It would be a good idea to have your team's support. Check with a more experienced person to make sure you haven't forgotten anything.

LIBRA (Sept. 23-Oct. 23) — Today is an 8 — Today should be interesting and amusing. Don't forget to do something you promised, though. If you get that one little detail checked off your list, you could receive a nice benefit. If you forget it, you could miss a great opportunity.

TAURUS (April 20-May 20) — Today is a 7 — Instead of worrying about your money, count it. Play with it. Figure out how much you'll have in five and ten years at the present rate of return. Travel looks good tomorrow, so make plans to do that. Meanwhile, figure out how much you can afford to spend.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is an 8 — You could advance in your career again today. You may have been reluctant to take this next step, but it should turn out OK. You have your friends' support, so trust their advice. Follow your sweetheart's suggestion, too.

GEMINI (May 21-June 21) — Today is an 8 — There's a bit of a controversy brewing. Don't light into somebody who disagrees with you. Be respectful. You're the student, and the other person is the teacher. Assume that attitude, and you'll be much more successful — and happier, too.

SCORPIO (Oct. 24-Nov. 21) — Today is a 6 — Try not to draw attention to yourself. You're not quite ready to answer questions yet. If you run into the reporters, don't take the Fifth. That will cause suspicion. Be friendly but noncommittal, instead.

CANCER (June 22-July 22) — Today is a 6 — There's plenty of work to do, and more comes in all the time. Look sharp; things could change quickly. Watch for surprises. You may not feel that great, either. Keep distractions to a minimum and watch out for breakage. Stay calm; it'll help.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — You can get a lot done today, especially if you've got a team. They're in the mood to do what you say, so be direct. Something that you thought would work could disappoint you, however. Be ready with Plan B.

LEO (July 23-Aug. 22) — Today is a 7 — The object of your affection is playing hard to get. Don't come on too strong. Be compassionate, warm and loving instead. Go along with the rules the other person sets. If you do it your way, you'll get nowhere.

PISCES (Feb. 19-March 20) — Today is a 6 — Try for that promotion or better job even if you're not sure you can get it. It might not happen yet, but you'll never get where you want to go if you're not headed in the right direction. It's not really easy, but it could be profitable.
