**Horoscope by Linda C. Black**  
**TODAY'S BIRTHDAY** (Oct. 18). Make a commitment this year and lock in your financial security. Set up your strategy in November. Heed a friend's advice, quickly, in December. Make changes at home in January. Make an agreement you'll love to keep in February. Tighten your belt in May and follow a strong friend in August. Keep a special secret in September.  
To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.  
**ARIES** (March 21-April 19) — Today is an 8 — A lot of talking's going on, but not much action. You need to stir that up. Figure out what you all want to do and then how you'll pay for it. Let everybody pitch in on that one.  
**TAURUS** (April 20-May 20) — Today is a 7 — You should be kind of used to this by now. You're stopped dead in your tracks again. Luckily, you're patient and determined. Learn to rely more on your partner, and you'll be successful in the long run.  
**GEMINI** (May 21-June 21) — Today is an 8 — Your workload is increasing; free time will be rare soon. What would you really enjoy being that happens? A walk in the park with a friend? The sweet fragrance of the wild rose? Don't put it off any longer; do it now!  
**CANCER** (June 22-July 22) — Today is a 7 — You're under a bit of stress today. Something is uncomfortable, and it's not your fault. Is there a leak in your budget that you could plug? If you can find one and plug it, you'll feel a whole lot better.  
**LEO** (July 23-Aug. 22) — Today is a 6 — You may feel slightly overwhelmed. Somebody else could be taking the lead. This is not how you'd like to proceed, but don't put up much of a fight. It might be wise to let somebody else drive for a change.  
**VIRGO** (Aug. 23-Sept. 22) — Today is an 8 — It's time for you to work hard and to make the money. You may have to use your imagination, too. First, go back to the manual. Then, af-

ter you don't find the answer there, figure out how to solve the problem on your own. You'll wow 'em when you do!  
**LIBRA** (Sept. 23-Oct. 23) — Today is an 8 — You look good today. A close friend would like to be with you, so acquiesce. You have other things to do, of course, but none of them are as important. Shift your schedule around so there's time enough for love.  
**SCORPIO** (Oct. 24-Nov. 21) — Today is an 8 — Paperwork is your theme today. "Oh, goody," you're probably saying to yourself. (NOT!) It could turn out OK, however. Maybe you can even find a way to work from your home. You'd love that. And, yes, paperwork is required.  
**SAGITTARIUS** (Nov. 22-Dec. 21) — Today is a 7 — What would you like to be doing five years from now? With whom? What kind of environment? How much will you be making? How will you spend your free time? Visualize your future now but keep it to yourself. It's still in the formulation phase.  
**CAPRICORN** (Dec. 22-Jan. 19) — Today is a 7 — This would be a good day for a conversation with an expert. You could come up with some good ideas. You might increase your income substantially or decrease your outgo. Make your future a little more secure, too, while you're at it.  
**AQUARIUS** (Jan. 20-Feb. 18) — Today is a 7 — You should be able to make great strides forward now. Something's beckoning and urging you to take a risk. Your loved ones think you can make it, so trust them. Thank them for their faith. Do the homework, too, of course.  
**PISCES** (Feb. 19-March 20) — Today is an 8 — Your mind could be buzzing. You're worried about everything. Will you have to change your routine? Does anybody care what you think? Settle down and breathe deeply. Instead of fretting, speak up. Your input's important in making sure the good guys win.
