Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Oct. 19). This year put down roots and let love flourish. By November, you should know what you want. Make plans to get it by December. A big change then could set you on the right path. In January, your domestic tranquility's shattered by too much of a good thing. Snuggle into your routine in February and stay there until May. A gamble pays off in August. A gentle woman brings the answer you're seeking in September. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is an 8 — You friends are a constant source of amusement. They could come up with an outrageous scheme. You might be able to pull this off, but only if you're practical. How are you going to pay for it? Find the money first, and you're in.

TAURUS (April 20-May 20) — Today is a 7 — People are full of great ideas, and they're making way too much noise. You may be one of the few who's grounded. Don't let them make complete fools of themselves before you let them know. You can be nice about it, too, of course. They'll thank you later.

GEMINI (May 21-June 21) — Today is an 8 — This is a fabulous day for you. There are only a few minor difficulties. One is financial. Don't let yourself get too extravagant. It simply isn't necessary. Also, keep most of what you know to yourself. Don't brag about your good luck.

CANCER (June 22-July 22) — Today is a 7 — Could you do the work yourself and save a lot of money? Do you even know how to do whatever needs to be done? The plan's not complete yet, so don't make the decision. Consult a friend who's been there and done that before.

LEO (July 23-Aug. 22) — Today is a 5 — Watch, listen and learn. You're not ready to resume your leadership role, at least not in one new situation. You're growing, and sometimes that's uncomfortable. But, once you get this figured out, you'll be able to do more. So, relax.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 —

If the stress gets too thick, retreat. A little peace and quiet, perhaps in the company of a good friend, will be good for you. Somebody else can pitch in and help, and they will if you're not there to do it all.

LIBRA (Sept. 23-Oct. 23) — Today is an 8 — If you could spend the whole day in romantic conversation with your favorite person, you'd be in heaven. Just the opposite may happen, however, if you talk about money. You may catch some flak about a recent purchase. Admit it if you were wrong.

SCORPIO (Oct. 24-Nov. 21) — Today is a 7 — Do you want to buy something new? A tool, perhaps? You can't quite afford it yet, but don't despair. The more you learn, the more likely it is you'll find a way to cut costs. Keep studying!

SAGITTARIUS (Nov. 22-Dec. 21) — Today is an 8 — You should be sharp today. You have a little more patience than usual, too. You're good at seeing the overview, but sometimes you miss the details. Watch out for those but don't lose track of the big picture. Others rely on you for that.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — You could be in a good position to get an increased allowance. If that's not likely, it's a way to save money instead. Don't talk too much about what you discover, or jealousies could develop. Keep financial matters to yourself.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — This should be a good day for you. Long distance communications should go especially well. You get your idea across clearly, but take care. Don't let a person who doesn't need to know in on the conversation yet.

PISCES (Feb. 19-March 20) — Today is a 7 — You're under a bit of pressure. How can you pay back what you borrowed? Just take it one step at a time. Come up with a plan you can follow through on because that's important. Being reliable is more important now than being rich.
