**Horoscope by Linda C. Black**

**TODAY'S BIRTHDAY** (Oct. 21). If you concentrate on serving, you will be served in return. Money's your obsession in November, but give that up to get it. In December, toss a bad habit to gain something better. In January, let something go or kick it out. February's fascinating, though not as you expected. Focus on others in March, and the riches you need will appear. Play by the rules in May and go past them in August. A secret love sparkles in September. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

**ARIES** (March 21-April 19) — Today is a 5 — Keep out of an argument if you can. It doesn't really concern you, and besides, you don't have enough facts to win. You can ask questions and listen, but don't say much. Don't tip your hand, especially if you're not sure what game is being played.

**TAURUS** (April 20-May 20) — Today is an 8 — Today do some planning and budgeting. You and your mate need to hassle this out. Your choices will make all the difference. Once you agree on what you want, everything else will fall into place.

**GEMINI** (May 21-June 21) — Today is a 6 — You're being pushed and prodded to become more sensitive. Listen to what isn't being said, and you'll learn a lot. It'll take a bit of practice, but that's OK. The longer you can keep your mouth shut, the more you'll learn. It's tough, but worth the effort.

**CANCER** (June 22-July 22) — Today is an 8 — Your intuition is keen and right on target. Getting the message loud and clear. Other people don't have a clue, but that's OK. It's their business anyway, right?

July 23-Aug. 22) — Today is a 6 — Is something you'd like to do with your hands? Buy more nice things? How about a job to better dig? You're in the mood, but do you do it yet? Well, maybe a little more research would be a good idea, first. Better late than sorry.

**VIRGO** (Aug. 23-Sept. 22) — Today is an 8 — You've got a good partner, and you're learning quickly. You have a few worries, but that's OK. You should be used to that by now. You can improve your efficiency, and that'll make you feel better. Look for a way to streamline procedures.

**LIBRA** (Sept. 23-Oct. 23) — Today is a 6 — Your creativity could pay off for you. Let people know what you can do and find out what they want. Service is the key to your success. Get your own ego out of the way. This may not be easy, but it's good for you — and them!

**SCORPIO** (Oct. 24-Nov. 21) — Today is an 8 — You should be able to get what you want regarding romance, and that's good. Somebody else leans on you regarding work, however, and that's annoying. You'd like to cuddle all day long, but that may not happen. Schedule in as much as possible.

**SAGITTARIUS** (Nov. 22-Dec. 21) — Today is a 6 — Focus on family even if it means not playing with your friends. Something at home needs your attention. Maybe you just need a little more time to yourself. A quiet evening now could be preventative medicine, so just relax.

**CAPRICORN** (Dec. 22-Jan. 19) — Today is a 7 — You're always interested in learning new skills, and that could pay off for you now. Something you hear about in a private setting can be put to use almost immediately. Don't be afraid to ask questions; that's giving you the edge.

**AQUARIUS** (Jan. 20-Feb. 18) — Today is a 6 — You should be focused on getting money. Go for the promotion or the better job. The problem is you don't care about that. Hey, it's not really filthy lucre; it's good to have. Save the philosophical conversation for later. Get the rent paid first.

**PISCES** (Feb. 19-March 20) — Today is a 7 — You're getting pretty good advice from an expert. You may also be working with a partner. Gather as much information as you can before proceeding. Have another take the risk instead of you.
