Horoscope by Linda C. Black. TODAY'S BIRTHDAY (Oct. 22). Move quickly, or you could get pushed! Love and adventure beckon. Focus on practical matters in November. In December, studies begin, and a change in attitude is required. You may want to change your home in January, but things should be steady by February. The excitement should start around April and last well into May. Rely on an elder to make the right choices. Step out as a leader in August, and discretion's the key in September. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging. ARIES (March 21-April 19) - Today is a 6 - Watch out for a tough competitor. You get luckier in some ways, while simultaneously losing an advantage. Use your brains and experience to win. A trick that worked before could work again. TAURUS (April 20-May 20) - Today is a 7 - You get pushed to do something you've resisted. Stop stalling and get the job done. You may not like one of the other people involved. Sure, he or she is a jerk, but don't worry. Everybody knows that already. Don't get a headache over it. GEMINI (May 21-June 21) - Today is a 6 - Stay on your toes today. Don't slack! Your fun's depending on you to be sharp. Watch for the unexpected; it's liable to happen. The team who wins is the one who can move most quickly. The competition's fierce, so look lively! Hey, you're good at this! CANCER (June 22-July 22) - Today is a 7 - A bit of tension may be out there. You could get thrown a curve. Keep up, and you could get a nice bonus. Try not to be the one who makes the big mess. Be the one who cleans it up, instead, and you could get the reward. LEO (July 23-Aug. 22) - Today is a 6 - Your enthusiasm is high, but you may be stuck. Lots of work must be done, and you can't get out of it! Don't give up or get mad; push harder. Don't wait until tomorrow to have fun, either. Just finish up as soon as you can and get going. VIRGO (Aug. 23-Sept. 22) - Today is a 7 -
