Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Oct. 27). You may find a buried treasure this year, but don't spend it all in one place. Keep secrets in November and speak boldly in December. Update your skills in January and put a new idea to work in February. Go back to the old way in April and renew an old bond in May. Get what you need for your home in June and watch an old leader in August. September's best for reliving the past.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 6 — You're still concerned about finances, but that's OK. You're coming up with some good ideas. Continue to gather input from those who've succeeded in what you're trying to accomplish. Admit when you don't know and ask for advice.

TAURUS (April 20-May 20) — Today is a 6 — Talking about money could cause tension, especially if you think the other person spent too much. The objective is not to get the other person upset; it's to put in a system that works. So, don't start off with an attack. Offer a solution, and maybe a reward, instead.

GEMINI (May 21-June 21) — Today is a 5 — You'll have to pay attention to what you say for the next several weeks. That's important. Write it down. Get into the habit of asking questions instead of dispensing information. It's good to know how to do this. Also, practice listening.

CANCER (June 22-July 22) — Today is a 6 — You're under a bit of pressure. You have to learn how to do something new, and that's uncomfortable. The deadline is coming up, so study. Once you find the answer, you'll be proud of yourself. Do the homework!

LEO (July 23-Aug. 22) — Today is a 4 — There's a bit of a problem today. You're trying to be in two places at once. You may have to put off the group activity until later. If it comes down to one or the other, a personal matter takes precedence. Besides, staying home will save you money.
