090 BIRTHDAYS

Happy 21st Birthday Joel! Just think, this is the last significant birthday you get. It all gets worse from here! Alex and Nate

- All of the above

Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Oct. 28). Far horizons beckon; nothing ventured, nothing gained. Make plans in November for a journey next July. Then cinch a deal for work to get money by December. Take control in January so you can relax by February. Hold your temper in April and gain the prize by May. July's best for your voyage, but get back to work in August. Reap your rewards in September.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 5 — Conditions are changing. Learn as much as you can; something may need to be fixed soon. Prepare for the next few days, too. The better organized you are now, the easier the next few days will be.

TAURUS (April 20-May 20) — Today is an 8 — If you're wise, you'll spend the whole day cutting coupons and finding the best deals. If you plan your next buying trip carefully, you'll save a lot of money. Scope everything out now; shop tomorrow or the next day.

GEMINI (May 21-June 21) — Today is a 5 — You're most effective early in the day. You'll be mentally quick then, too. The situation is changing rapidly, so get as much as you can done ahead of time. Curtail the conversation, too. You may get a chance to take on more work later, which could mean more money.

CANCER (June 22-July 22) — Today is a 7 — You're getting stronger. Small details need your attention, however. They're a nuisance, but you'll be glad they're done. Travel and romance look good for later tonight and tomorrow.

LEO (July 23-Aug. 22) — Today is a 5 — Get together with your crew early in the day. Check your messages. You need the information you'll be gathering, and you won't have time to get it later. You'll have to make decisions quickly, and it'll help if you know what you're talking about.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 — A hassle will calm down to a steady roar pretty

soon, so don't worry. Even if things seem to be falling apart, the result will be positive. No need for you to get too stressed. Don't let your nerves add to the problem; that's no fun!

LIBRA (Sept. 23-Oct. 23) — Today is a 6 — Your day starts out fine, but the pressure increases. Make sure you're well-prepared for whatever's likely to come up. This is not going to be a difficult test unless you're totally spaced out. So, don't let that happen!

SCORPIO (Oct. 24-Nov. 21) — Today is an 8 — Soon it will be easier to get your way, so think about what you want. You don't have trouble asking other people to do things for you, but sometimes they resist. Well, that's less likely to happen this evening. Plan accordingly.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 5 — The first part of the day looks interesting, although somewhat competitive. You'll have to prove that you know what you're talking about. The stakes get higher as the day goes on. The first part of the day looks like practice for the latter. Look sharp.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — Today you're so busy that you could almost stress out. Try not to let that happen. Get somebody to help, instead. It's not a crime to ask for help although sometimes you think it is. Even if you have to pay them, it could be worth the money. Why get sick over this?

AQUARIUS (Jan. 20-Feb. 18) — Today is a 5 — A connection early in the day could be quite pleasant. If you get the opportunity, do not procrastinate. Don't make a date for tonight, however. You won't have either time or energy left by then.

PISCES (Feb. 19-March 20) — Today is an 8 — You might be in the mood to change things around. That's not a bad idea. It could work out well for you. Do it soon, however. You'll be in the mood for love later on tonight. Set the stage so you can relax.
