Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Nov. 1). You may want to resist authority figures this year, but you'd be smarter if you learn from one. Rumors could lead to big changes in December. In January, you're the teacher and the student, too. In February, keep the most important stuff and toss the rest. There's too much work in April, and an old friend comes through for you in May. In August, stop competing with a strong person and become much stronger yourself. Save September for love.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 7 — Abandon the thought of playing hooky today. Instead, strive for perfection in everything you do. You probably won't achieve it, but that's OK. The practice will be time well spent.

TAURUS (April 20-May 20) — Today is a 7 — Be patient, as well as practical. Somebody's willing to argue with everything that you say even though you're right. Money may be the root of all evil, or it may not. Today, it does seem to be the cause of a lot of confusion.

GEMINI (May 21-June 21) — Today is a 6 — You're learning something that will be useful later. What you're studying and what you're doing pay the rent are most likely quite different, however. Is it time for a career change? Do what you love, and the money will follow — usually.

CANCER (June 22-July 22) — Today is a 7 — You may be slightly stressed about your financial situation. You'd like to get something out of somebody you love. It would be a thoughtful, well-appreciated gesture. Keep searching for a fire sale — but it's not fair if you light the fire.

LEO (July 23-Aug. 22) — Today is a 7 — You're cute, but you have to work hard anyway. Somebody who won't let you have what you want is there. No point in throwing a tantrum. Instead, think about what you want to say before you go public with an important announcement.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 — You'll have to hustle to keep up. The deadline's looming, and you might not even know what you're doing yet. You went for the challenge, and now you have to produce the results. Get an older person, a dear friend, to give you a boost.

LIBRA (Sept. 23-Oct. 23) — Today is a 7 — A difficulty will arise today, a little snag in the nyons of life. Somebody, perhaps who you've been dating, could bail you out of this predicament. Don't trade love for money, though. That could cause all sorts of new problems!

SCORPIO (Oct. 24-Nov. 21) — Today is an 8 — You may feel like somebody is cramping your style. Think about it honestly, though. Is it the other person's fault, or are you refusing to do what this person wants? That's your choice, of course, and it might be smart. If so, be proud of your decision.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — You can't get where you want to go. Slog through your chores and stop complaining. Stop daydreaming, too. Pretending you're there isn't going to make it happen sooner. Just the opposite's more likely the case.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — How can you take care of your own needs and another person's, too, when they're contradictory? Should you pretend that you don't care? That's not a good idea. Why not stall, instead? Maybe something will happen that takes the heat off you — soon.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 5 — Compromise with your partner. The two of you have most likely had this same disagreement before. At least you know what to expect. Then, wait for a shift in the other side's position. If you and your mate work together, you could win.

PISCES (Feb. 19-March 20) — Today is a 7 — You're most likely swamped with work. You'd rather be out somewhere, pondering the meaning of the universe. Forget that, for now. You could get into serious trouble if you don't pay attention. This is actually what the universe is trying to teach you, so get it!
