Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Nov. 2). You and your friends have the whole thing figured out, but take care. Surprises are coming, as soon as December. You'll get a swift kick if you're not moving fast enough in January, but it's good for you. By February, you should see the light and what to do next. There's too much of a good thing in April and not enough in May. Play by the rules to make money in August and steal away with special friends in September.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 5 — You're most likely attracting attention at work. Don't do anything fancy; just stick to the routine you've established. They don't have to know how many times you've done this thing before, so don't tell them.

TAURUS (April 20-May 20) — Today is an 8 — Some of the things that you were stressing about yesterday have evaporated into thin air. Be assertive; you can push through the other barriers. They might turn out to be cotton candy.

GEMINI (May 21-June 21) — Today is a 6 — There's too much work to be done. You may think you have to be superhuman, but for what? Be smart instead and let somebody help. He or she won't do the job as well as you can, but with practice, there's a chance it could happen some day.

CANCER (June 22-July 22) — Today is an 8 — You're in an efficient mood, so make a few changes for the better. You should be able to proceed with most of what you want. A person who outranks you may not understand your reasoning at first, but you can explain it again... and again... and again.

LEO (July 23-Aug. 22) — Today is a 7 — Your assignment is to become fabulously wealthy. Plenty of money is out there, and more is created every minute. Timing is of the essence, so get ready. You'll have to move quickly to get to the front of the pack. When opportunity knocks, be ready with the winning act.

VIRGO (Aug. 23-Sept. 22) — Today is an 8
