Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Nov. 4). Something you've kept hidden could come out, and it's about time! An idle comment leads to a revelation in December. Learn a new skill and blast one of your old fears in January. A dream may come true with good planning in February. Don't let an obnoxious coworker get under your skin in April. Experience pays in May, and being bold brings the bucks in August. Help a loved one reach a dream in September.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 6 — There's a little less work today and a little more conversation. Well, the other person sees it as a conversation. To you it looks more like an argument. You won't get to order this person around, so give up. That's your only prayer of winning this one.

TAURUS (April 20-May 20) — Today is a 7 — Let a creative project dominate your life. You may feel like you can't take the time now, but it's less likely you'll have time later. Reschedule something else, if necessary.

GEMINI (May 21-June 21) — Today is an 8 — Your family believes in you and so do your friends. Your reputation out in the world is growing, too. Do you have a short story to send off? The publishers are quite likely to find your perspective fascinating.

CANCER (June 22-July 22) — Today is a 7 — Home and family need attention today and perhaps a little adjustment. Don't worry about hurting another person's feelings. They'll most likely be able to take it, now, especially if the advice is offered alongside cookies.

LEO (July 23-Aug. 22) — Today is a 7 — You'll learn easily today, so tackle a new project. Before you act, you need to know exactly what you're doing. You hate making big mistakes, and this is the way to prevent that.

VIRGO (Aug. 23-Sept. 22) — Today is an 8 — What would you do if you were fabulously wealthy? You'd do all sorts of wonderful things for others. Everyone would benefit. So, get busy now and learn how to attract the good fortune you so richly deserve. Start by reading up on it.

LIBRA (Sept. 23-Oct. 23) — Today is a 6 — Your taste is most likely far more expensive than you can afford. How are you going to narrow that gap? Start by assessing your talents and then work up a plan. Don't wait for someone else to rescue you from "not enough." Mastermind your own escape to abundance.

SCORPIO (Oct. 24-Nov. 21) — Today is a 7 — You have a little more thinking to do. Don't discuss this with anybody else, yet. You want to sound like you know what you're talking about when the time comes. So, study now.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — You and your friends can get a lot done today if you set your minds on it. The conversation will be fascinating, but there's work to be done, too. If you get to talking and forget about the job, you'll wish you hadn't later.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — You feel compelled to try something new and different. It's a fascinating idea, and it might pay pretty well, too. Run it by a friend before you make the commitment. A few corrections are necessary.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — A business trip should work out well for you now. Do your errands while you're out there, too. You might make some new connections, so look for opportunities.

PISCES (Feb. 19-March 20) — Today is a 7 — Unfortunately, you're having a tough time holding onto your resources. You want to spend more than you can afford. Even worse, you have a good reason. Of course your family would love all those gifts, but save enough to pay your own rent.
