Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Nov. 29). The
schedule's tough this year, but a nice promotion
could be your reward. Decide in December to
make the big change. Study through February
to qualify. You get a boost in April and a possible
setback in May. The coast is clear again in
August, but a big test's scheduled for September.
Relax with friends in October and count up
your merit badges next November.

To get the advantage, check the day's rating: 10
is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 7
— The back-to-work theme is appropriate
'cause there's way too much to do. Pay close at-
tention to detail, too. Now that you know it's
important, you can move your quality control
check to top priority.

TAURUS (April 20-May 20) — Today is an 8
— You'll most likely feel mellow today. You'll
be able to tackle even a difficult topic. Don't
worry even if there isn't enough money for
everything you'd like. There seems to be plenty
of love, and that's way more important.

GEMINI (May 21-June 21) — Today is a 7 —
Lots of changes are underway. Are you and
your partner having a tiff? Are you thinking
about moving or rearranging your furniture?
Some planning is in order. It may not be easy,
but later you'll sure be glad that you did it.

CANCER (June 22-July 22) — Today is a 7
— You're learning quickly today, and that's
good. You have to do that to keep up with a
new and unfamiliar chore. This will be fun, al-
most, once you're used to the routine. Keep at
it. You're almost there.

LEO (July 23-Aug. 22) — Today is a 7 — You
can anticipate a conflict today, most likely
about money. If you're generating the income,
you get to say how it's spent. If it's the other
way around, you'd better dummy up. That
looks rather unlikely, however.

VRGO (Aug. 23-Sept. 22) — Today is a 7 —
You're interested and interesting now. You
could find out something that you've been won-
