Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Dec. 2). You and a few good friends can accomplish great things this year. In December, decide who you'll be from now on. Training's required in February; relax and enjoy it. True love beckons in April, so save time for that. Set a new work schedule in May. Follow the call of the wild in August. Go along with a friend's whim in October. Mum's the word in November.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 7 — You could take a supportive role today and let somebody else stand up for you. Generally it's the other way around, but you can make an exception. Pick a smooth talker to present your side.

TAURUS (April 20-May 20) — Today is a 6 — People turn to you for advice. It may seem like they don't have enough sense to figure things out for themselves. Different people just have different skills. You're practical.

GEMINI (May 21-June 21) — Today is an 8 — You're good at talking and at getting people to open up, too. That's your assignment today. A long drive would be perfect if you can find an excuse. Your friend will be more chatty in private.

CANCER (June 22-July 22) — Today is a 6 — Do you have a house full of family? They're probably having fun, but it may be at your expense. If they don't remember to help with the cleanup, remind them. Don't just sit there and stew; speak up.

LEO (July 23-Aug. 22) — Today is a 9 — You look good, and you're drawing attention. You either learn something that will be useful — or you might be. An opportunity could open up soon, so be prepared. Start by figuring out what it'll be.

VIRGO (Aug. 23-Sept. 22) — Today is a 6 — Don't take off on your adventure yet, but you can prepare. Get your goal firmly in mind. Travel posters help. Luxury is not out of the question. Plan on pampering yourself. You've earned it.

LIBRA (Sept. 23-Oct. 23) — Today is an 8 — You might finally do something that you've always wanted to do, but haven't. All it takes is faith, courage and a total lack of "common sense." Congratulations! You score three out of three!

SCORPIO (Oct. 24-Nov. 21) — Today is a 6 — Your hopes, dreams and fears take top priority now. Something you've worried about can't be put off any longer. Get it done as early as possible so you can relax tonight — finally.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is an 8 — You're going through an interesting phase. You're changing into a new you. To make sure this change is for the better, rely on friends for support. They'll be glad to tell you what to do.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 6 — Something that you feared might happen could come true. Luckily, it might be anti-climactic. You worried all this time, for what? Well, no point worrying about that! Get on with life!

AQUARIUS (Jan. 20-Feb. 18) — Today is an 8 — You and your friends are most likely in the mood to try something new. Push yourselves to the edge — and over! You've had enough of the same dull routine. Make something interesting happen.

PISCES (Feb. 19-March 20) — Today is a 6 — You learn well by doing. This is a good day to practice, and that's OK with you. If you can spend all day at it, you could advance a couple of levels. Picture yourself performing flawlessly.

There's a reason people grow up believing the college experience includes the Residence Halls
It's an experience you'd never have off campus

Community
New friendships are at the heart of every hall
"There's always someone to talk to... there's always someone to hang out with. No matter who you are, you get all the support you need."
Angie Barrick, resident

Convenience
You don't have to worry about commuting to class
"Best part about living on campus? Everything is within walking distance! You don't have to worry about things that are such a hassle when you live on campus, like bus schedules and traffic."
Kameron Cole, resident

Cost The Residence Halls are the best value in town
If you live in the Residence Halls, we'll take care of the essentials and provide free local telephone, cable, and internet service. The Office of Financial Aid estimates you save almost \$500 a year by living on campus.
