Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Jan. 6). This year you're sharp as a tack and twice as cute. You've got it, so flaunt it in January. Don't fall for a shaky deal in February. Follow your intuition and a wise teacher in March. A problem at home turns out for the best in April. Perseverance pays in love in May. Leave your money where it's stashed in August. A startling revelation in December could be good for you, financially.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 7 — The new moon could force you to put up or shut up, in your career. If you can, a promotion or raise could be in it for you. If you can't, well, that'll become apparent.

TAURUS (April 20-May 20) — Today is an 8 — It's not usually easy for a Taurus to learn a foreign language, unless it's the language of love. Today, you should do well with both verbal and non-verbal communication.

GEMINI (May 21-June 21) — Today is a 5 — How do your investments look? Don't have any? Maybe you should. Don't tell everybody how much you have stashed away, either. That's nobody's business but your own!

CANCER (June 22-July 22) — Today is a 7 — Is someone mad at you right now? Do you need to teach somebody a lesson? This is a good day to visit counselors, experts and attorneys. Don't go into a potential conflict without a strong sidekick.

LEO (July 23-Aug. 22) — Today is a 6 — You've been knocking yourself out lately. You're through the worst part, but not completely in the clear. If you're tired, get some rest. You don't want to come down with a cold.

VIRGO (Aug. 23-Sept. 22) — Today is a 10

— Your routine is going like clockwork, and you're most likely ahead of schedule. If people would do as you suggest, they'd be as successful as you are! To tell them, subtly, show them this.

LIBRA (Sept. 23-Oct. 23) — Today is a 6 — It's time to get realistic again. You and your family need to put your heads together and make a purchasing decision. You can have what you want, or close enough, if you do the homework.

SCORPIO (Oct. 24-Nov. 21) — Today is an 8 — Do you already have a Neighborhood Watch program? You're the best ones to take charge in your neighborhood, so do that! You'll have a great time while you're at it, too.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — Some money could come in. You could win a contest or get a rebate. You had to follow the rules to get this bounty. If you haven't done that, do it now. The time hasn't run out yet.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 9 — If you're wondering what to do next, how about learning something new? Romance looks good in the coming months, too. Make education and love your top priorities.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 6 — You're being pushed to reconsider. A little time spent in quiet contemplation would be a good investment. Can you scratch anything off your to-do list to make that time? Do it.

PISCES (Feb. 19-March 20) — Today is an 8 — You're all fired up and ready to make things happen. What you need is an army to back you up. Inspiring others won't be a problem, but don't attempt to take that next hill all by yourself.
