Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Jan. 13). This year the chickens could come home to roost, including one you thought had flown the coop. An idea you've been thinking about could work in January. A secret could lead to riches in February. Be bold in March and relax in April. Love's there when you need it in May. The money should be there when you need it in August — if you don't spend it first! Save some for a special gift in December, too.
To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is an 8 — Transformation is in the air. Is there something that you've always wanted to do? You know what it is. Do you have the courage to try it? How hard could it be?

TAURUS (April 20-May 20) — Today is a 7 — You're under pressure. You might even have a headache. Just take care of the most important stuff and postpone the rest. You'll be up for a challenge in a couple of days.

GEMINI (May 21-June 21) — Today is a 6 — Don't get in the middle of a fight that's none of your business. You may love the people, or maybe not, but it doesn't matter. Root for your team but stay out of the scramble.

CANCER (June 22-July 22) — Today is a 5 — It looks like there's a confrontation. It would be best for you if your partner does the talking. Pick the toughest person you know to represent you and stay out of the way for a while.

LEO (July 23-Aug. 22) — Today is an 8 — You're having a pretty good day, but you're in the minority. Some of the others are wrapped around the axle. Help them stay calm and tell them what to do next. They'll love you for it.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 — You're one of the few people who can relax to-

day. You and your loved ones can hide away in your little nest and let the chaos rage on without you. That's your reward for being so well-organized.

LIBRA (Sept. 23-Oct. 23) — Today is a 5 — You may be slightly flustered. You're generally good at explaining things, but today you may get rattled. If you notice that feeling coming on, let somebody else do the talking for you.

SCORPIO (Oct. 24-Nov. 21) — Today is a 7 — Something you've learned recently will come in handy to clean up a mess. Things aren't stable. Be your steady, solid self, and you'll help everybody else calm down, too.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is an 8 — From where you're standing, things look crystal clear. Since you're one of the chosen few who can see what's coming, you can lead the others out of confusion. No problem, right?

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — Urgency is in the air. You need to get things done quickly, and you might not be sure how. A close relative or neighbor can help. Put your heads together and come up with a brilliant idea.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — You're learning quickly and easily. You might feel like you don't have a choice. The deadline's looming, and a few miracles still need to be performed. Get busy!

PISCES (Feb. 19-March 20) — Today is an 8 — A battle's raging out there. Your money may be involved. You care deeply, but that's not enough. You'll have to think clearly, too. Instead of cutting costs, raise your income.
