**TODAY'S BIRTHDAY** (Jan. 14). After you solve a few problems, this year should be quite nice. Love's your reward for clear thinking in January. Money's tight in February. In March, learn new skills as quickly as you can. Break-downs lead to changes for the better in April. Share a secret with a sweetheart in May. Make a long-term investment in August and find time to relax in September. The prize is revealed in December.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

**ARIES** (March 21-April 19) — Today is a 7 — You could perform brilliantly today, but also, expect several disappointments. Don't tell the boss what you really think. Stifle that. Same goes for traffic cops.

**TAURUS** (April 20-May 20) — Today is a 7 — You can be the mouse in the corner, as your friends deal with big hassles. Don't give your opinion until asked but be ready. They just might listen to your advice this time.

**GEMINI** (May 21-June 21) — Today is a 6 — There won't be enough of anything, early in the day. Later on, conditions stabilize. If you want to fight for a bargain, you could brave the crowds. If you can wait, by all means, do so.

**CANCER** (June 22-July 22) — Today is a 5 — A temperamental person may pitch another fit. Isn't it funny how adults sometimes act like spoiled children? Don't think somebody else's problem is your fault. You'll do more good by staying calm.

**LEO** (July 23-Aug. 22) — Today is a 7 — If you want to put your plans into action, do it early. A lot is going on, but there's also less opposition. Later in the day, there'll be more resistance to change.

**VIRGO** (Aug. 23-Sept. 22) — Today is a 6 —
