Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Jan. 26). Have you thought about going away to school or publishing a book? Either of those should work out well this year. Put your plans down in writing in February and pay the first installment in March. You'll have the energy to succeed in April and the determination in May. Your partner's got the answer in August, and a foreign friend's your best adviser in September. Make a course correction in December and find a quiet harbor by next January.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.
ARIES (March 21-April 19) — Today is an 8 — You like to think taking on challenges alone is best, but even super heroes have buddies to help out. Your friends and your mate are the one's who'll make it all possible. Be sure to thank them.

TAURUS (April 20-May 20) — Today is a 7 — Somebody nearby could use your help. This might not be manual labor; it could be the intellectual kind. You don't make much money from this job, but you'll be well-rewarded.

GEMINI (May 21-June 21) — Today is a 10 — You're the lucky one! Nobody else has conditions as good as Gemini's. Romance, travel, higher education, publishing — all should go well. Are you writing a book? If not, why not? Start now!

CANCER (June 22-July 22) — Today is a 7 — How long has it been since you've shopped for household items? Big ones? You've thought about this for a long time. You may have to go into debt, but if you find a good deal, which you might, charge!

LEO (July 23-Aug. 22) — Today is an 8 — You can learn quickly now if you will. Somebody's trying to teach you something. Don't argue with what this person is telling you. For heaven's sake, take the coaching!
