Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Feb. 4). You may think you know it all this year, and you may be right! Put the puzzle together in February and then design a better one. Take action on your dream in March and find what you need close to home in April. Be guided by history in May and follow your partner's inspiration in August. By next December, your transformation should be complete. Heed a wise woman in January.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 7 — You've got a lot of important social obligations. You and your team could do something that's important. If it doesn't pay the bills, however, it shouldn't take top priority. You already knew that, but sometimes you forget.

TAURUS (April 20-May 20) — Today is a 6 — You could have a wonderful opportunity today. That's the good news. The bad news is that there is a test. It's only on the one thing you find most intimidating. Get past that barrier, and your success is assured. If you don't, well, count it as practice.

GEMINI (May 21-June 21) — Today is a 7 — Study up. You're on the brink of a fabulous breakthrough. Something you've been learning can help you jump forward in your career. If you aren't currently in the process of learning something important, get on it, now!

CANCER (June 22-July 22) — Today is a 5 — Is money on your mind? This is a great day to do the homework. Figure out how you can make the best possible deal, even if it takes a while. This may not be an easy assignment, but you could get a nice return on the time and money invested.

LEO (July 23-Aug. 22) — Today is a 7 — Are you married? If so, just go along with whatever your spouse wants. If not, well, your sweetheart might decide it's time to tie the knot. It probably is, too. Don't even know the right person yet? Get out and mingle. This could be the day.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 — The work is pouring in. Concentrate on taking care of others' needs. If you give it your full attention, you could make a lot of money. You're good at this. It may be tough, but you can make it look easy. Think of it as a game, with you emerging the big winner.

LIBRA (Sept. 23-Oct. 23) — Today is an 8 — Cuddle and make plans for the future. A person you care a lot about feels the same way back. Something you thought never could happen might come true. So, don't be inhibited by reality as you know it. Be willing to let go of that so you can have it all.

SCORPIO (Oct. 24-Nov. 21) — Today is a 6 — A lot's going on at your house. Are you fixing things up, moving things around or tossing out a bunch of stuff? If you live with anybody else, the issue becomes more complex. It may not be easy to work out a compromise you can all live with, but it's worth it.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — What you should learn next should be pretty obvious. Somebody might even come right out and say it. If you're any good at reading omens at all, you should know what it is by now. If not, well, ask somebody! They'll be glad to tell you.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — You could have a marvelous idea — and soon. You and somebody else could be involved. Everything doesn't go exactly the way you thought it would, but that's OK. The overall outcome is positive. Luckily, you're naturally hard to dissuade. Keep at it.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 9 — You are so smart today; you should be able to figure out anything. If you're also practical, compassionate and sensitive to the feelings of others, you'll be unstoppable. But, who would want to stop you? You're awesome!

PISCES (Feb. 19-March 20) — Today is a 7 — You've been working up to this confrontation for quite a while. You know what you want, so don't settle for anything less. Even a person who's decisive may not have your best interests at heart. Hold out for what works best for you, even if you have to stall.
