**Horoscope by Linda C. Black**

**TODAY'S BIRTHDAY (Feb. 7).** Use what you already know to improve your status. A change may be required. You've got all the facts figured out in February. Then, add what you couldn't have known in March. There's almost too much of a good thing in April, and old stuff works better than new does in May. A partner puts pressure on finances in August, and a friend could disrupt your home in December. All's well that ends well in January.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

**ARIES (March 21-April 19)** — Today is a 4 — You could run into trouble if you travel far today. Take it easy and watch where you're going. It does look like you're getting a boost concerning your career, however. People are talking about you, and they're saying nice things.

**TAURUS (April 20-May 20)** — Today is an 8 — You should be in a great mood today. Most things will go well, but don't spend too much company time talking with your friends. They're interested in hearing your stories, true, but the boss may not be amused if the work doesn't get done. Take care not to have too much fun.

**GEMINI (May 21-June 21)** — Today is a 5 — There are all sorts of complications. You're smart, but you don't need to make your final decision yet. Something may be going on that you don't know about. If anybody's asking for your money, get the advice of an older person before you hand it over.

**CANCER (June 22-July 22)** — Today is an 8 — Make sure you've done the homework on an impending purchase. Have you investigated the possibilities of getting this item from a more distant source? Check out the catalogs and the Internet. You'd hate to find out later that you spent too much.

**LEO (July 23-Aug. 22)** — Today is a 5 — You're being tested today. This could turn out to be good, but right now it may feel like you're getting nowhere. The trouble is you may have to go along with what the other person wants. It happens every once in a while. Be smart. Consider the possibility.

**VIRGO (Aug. 23-Sept. 22)** — Today is a 7 —

You could have some problems with your partnership now. The other person has some strong ideas. If the other person cares more about it than you do, just let it go. It's hard to give up, but you can do it. Reserve your energy for a battle you can win.

**LIBRA (Sept. 23-Oct. 23)** — Today is a 7 — Service to others should be your primary focus. If you hear about somebody who needs something you can provide, go ahead and pull a few strings. You always feel better when you've done a good deed, and it looks like there's one that needs doing.

**SCORPIO (Oct. 24-Nov. 21)** — Today is an 8 — Your life revolves around home and family. You may have more love than money, but that's OK. You're pretty smart right now, so you're learning quickly. That will help you improve your financial situation. And, two out of three ain't bad.

**SAGITTARIUS (Nov. 22-Dec. 21)** — Today is a 5 — Take it easy today. Listen more than you talk. Spend more time at home. If you get a little more rest, eat good food and catch up on all the news with your loved ones, you might keep from getting a cold. It's called preventative medicine, and it could work.

**CAPRICORN (Dec. 22-Jan. 19)** — Today is an 8 — You're learning quickly, and that's good. The bad news is you may realize you've been doing something the hard way. The good news is you'll start doing it an easier way now. Don't be embarrassed; it's all part of growing up.

**AQUARIUS (Jan. 20-Feb. 18)** — Today is a 5 — You're focusing on business, most likely. That's what you should be doing, anyway. Don't move too quickly, though. You may not understand everything yet. Do the research now and make your purchases later in the week.

**PISCES (Feb. 19-March 20)** — Today is an 8 — You should be clicking along now. That's fine; get as much done as you can. You're under a little bit of pressure, but that's OK. It's motivational. Make yourself practice, and your chances of becoming perfect are pretty good.
