Horoscope by Linda C. Black

TODAY'S BIRTHDAY (FEB. 15). This year, work smart and save your money, and you'll have everything you need. A barrier at home looks insurmountable in February. A new idea in March requires you to make an investment. In April, use your brainpower instead of your checkbook to get what you want from an older woman. By May, you should know what needs to be done to get your home close to perfect. Work's required, but that's OK; you've got through July to get the job done. Celebrate with a commitment in August. Let an old friend teach you a new trick in December and heed a wise woman's advice in January.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is an 7 — Domestic chores are interfering with something you'd much rather be doing. Are you grounded, or what? These things do happen even when we're adults. Only difference is, when you're grown up, you have to ground yourself! Plan to break free by this weekend.

TAURUS (April 20-May 20) — Today is an 8 — You have a natural tendency to do the same thing over and over again. You get good at your routine, of course, but that can be limiting. Be willing to have something work that you've previously rejected and prepare to be delighted.

GEMINI (May 21-June 21) — Today is a 6 — You may be a little bit concerned about money. If so, consult your boss or an older person on how to stretch what you have. You might find a way to improve your income by increasing your skills. When people know you're motivated, doors will start opening.

CANCER (June 22-July 22) — Today is a 7 — The moon's in your sign, and that's good. You're able to think and act quickly. Take a moment to consider the consequences, however. Also, make sure the rumor you've heard is accurate. It's not enough to move quickly. You also have to go in the right direction.

LEO (July 23-Aug. 22) — Today is a 5 — Wrap up a project you and a partner have been working on. The two of you can figure out what still needs to be done and what can be scratched off the list. Get your questions answered now; the next big assignment is already on the way.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 — It should be slightly easier to relax today. A friend of yours could be helpful, too. You'd like to talk about a few things, but you don't want this stuff spread all over town. Get together with a special person, the one who can keep a secret.

LIBRA (Sept. 23-Oct. 23) — Today is a 6 — You aren't as lucky as you were yesterday. Your nerves may be on edge, and besides, someone in a position of authority isn't giving you the proper respect. You hate being talked down to, but that could happen. Be nice. They didn't know.

SCORPIO (Oct. 24-Nov. 21) — Today is a 7 — Things start to get better for you. The tide's not quite flowing in your favor yet, but it's turning. People are starting to go along with your suggestions, and you could get a preview today. Somebody you care about wants to do what you want.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 5 — You might find the funding you want. You're not much of a wheeler and dealer, so maybe you should get a friend to help. You're more interested in doing comparative shopping than usual, and that could save you a lot of money. So, spend the time.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — You and another person, a partner or a mate, can find a way to bring money in. This could involve a legal matter. If somebody owes you, it's a good day to fill out the paperwork to get the litigation started. A letter to your attorney, for example.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — Although it's not your usual job, this is a good day to fuss over somebody else. You're more the rational, scientific type. You'll have the opportunity to rescue somebody from a jam. You might even get a reward for doing so. Congratulations.

PISCES (Feb. 19-March 20) — Today is an 8 — Yesterday was kind of harsh, but today should be a lot better. You're getting stronger by the minute. By the end of the week, you'll wonder why you ever worried about anything. In the meantime, don't waste much precious time on it.
