Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Feb. 22). This should be a creative year for you. Learn how to make the most of your talents. Follow through on something you've always wanted to do in March. Launch a savings program in April.

ARIES (March 21-April 19) — Today is a 7 — You sometimes feel like the Lone Ranger, but that's not the case now. You won't be able to do the job all by yourself. You're going to have to work with another person, and that could be a challenge. You, however, are great at challenges.

TAURUS (April 20-May 20) — Today is a 6 — You have a full plate. You have a lot of phone calls to make, letters to write and ideas to express. Don't be dismayed if the others don't understand your importance yet. It'll all come in due time.

GEMINI (May 21-June 21) — Today is a 7 — You are lucky today, and you communicate well. That's something of a rarity since Mercury's retrograde. During this phase, most people have problems with communication. That's where you come in. Mercury is the sign of the messenger, remember?

CANCER (June 22-July 22) — Today is a 7 — You'll experience some stress, confusion and perhaps even some consternation. An unexpected development takes you by surprise, and you're not the only one. Your hunch may help you lead the others through the confusion and into tranquility.

LEO (July 23-Aug. 22) — Today is a 6 — You get more attention than usual. This could lead to an advance in your career. This might mean you'll have to go back to school, but that's OK. You may have to memorize a whole new set of rules and regulations, too. Oh, goodie, right?

VIRGO (Aug. 23-Sept. 22) — Today is a 7 —

Work and serving others are major themes now. This is a good phase for making money. The bad news is nobody will tell you what to do. You have to come up with the ideas and to take the initiative on your own. Hmm. Maybe that's good news, too.

LIBRA (Sept. 23-Oct. 23) — Today is a 7 — You're creative, popular and good with games. There are still big difficulties, but don't worry. Just be extra careful, that's all. Don't be afraid to let an expert check your papers before you hand them in. That's an old trick, but it could work.

SCORPIO (Oct. 24-Nov. 21) — Today is a 7 — It's time to do some planning, which is good. That's one of your natural talents. Don't let anything get by you. Be responsible not only for what you're supposed to be doing, but for what everybody else is supposed to be doing, too. Do this, and your team will win.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — Instead of staying home tonight, go out. Being around a group of compatible characters could be good for you. You'll contribute a lot to the effort, and you may discover your tendencies for natural leadership are blossoming. Enjoy.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — Somebody in a position of authority thinks you're pretty cute. Consequently, this is not a bad time to ask for a raise or some other favor. It will be relatively easy to make a good impression. Provide something that's other person needs, and you will.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — Today you're probably feeling more calm, less-anxious and less-stressed. Travel should be easier, too. You could make contact with an interesting foreigner, to your mutual benefit. So, stretch. Go beyond the edge, as you previously knew it.

PISCES (Feb. 19-March 20) — Today is a 6 — Mercury has just gone retrograde in your sign. This can cause misunderstandings, so take care. It'll be in effect for a couple of weeks. Use this time to do filing and to finish up old projects, rather than start new ones, starting now
