ASCAP

Daniel Paul Adkisson

My reason for wanting hold the position on the Associated Students Presidential Advisory Council is to empower the voice of the student body. I want to represent not only traditional students, but those students whose voice is not often heard. An issue that I believe impact the student body is the clear understanding and clarification of the use of student fees by ASUO and the Administration. I want to advocate the construction of a parking structure in the campus area, and expansion of bus service in the afternoons and evenings. I also believe that working together with the Eugene Police Department can relieve the stress of the divide that exists from an underlegalized representation of the students with the police. I do feel that the expansion of Autzen Stadium, through proper planning will not hamper the beauty of Alton Baker Park. This campus needs someone who will listen to the Student Body and work with the Administration to solve problems within the community and the campus.

Amanda Langston

Hello, my name is Amanda Langston and I'm am running for the Associated Students Presidential Advisory Council (ASPAC). This council is dedicated to representing all students of the University of Oregon. This position is important to me because I am very interested and committed to diversifying the UO campus and it will allow me to offer the University President a unique point of view for the student body. I am committed to consulting with all students to relay their differing, important issues to ASPAC. I am dedicated to hearing and understanding your perspectives and would do my best to represent them. Thank you and vote for Amanda Langston.

Erin T. Rowland

Hi I am Erin Rowland. I am currently a freshman here at U of O, and I am originally from Long Beach, California. I am running for the position of, Associated Students Presidential Advisory Council, so that I can become more active on campus. I am knowledgeable, persistent, goal-oriented, and energetic. Vote for ME!

At-Large 2 year**

Eric Banister

Hello fellow students. I am running for the Erb Memorial Union Board. As a current employee of the EMU in The Break Pool Hall, I have gained the experience that involves operation of the EMU. The EMU is the place to hang out, no matter what age you are. The space that is currently utilized makes it possible for students and faculty to relax before, between, and after classes. I am running for this position because I feel that the EMU can be made into a more social environment for everyone. With the Cultural Center, Outdoor Program, Various Student Unions, Club Sports, etc., the EMU is the core of the entire campus. If I am elected to the board, I will ensure all of you that the EMU is ready for the 21st century. It is time for all of you to make the decision. Make the right one, and vote Eric Banister for EMU Board.

Jessica L. Richelderfer

The allotment of funds to various student groups and organizations affect us all here at the University of Oregon, as students, faculty and community members. Not only are these funds supplied by incidental fees paid by our tuition, they financially support a great number of the services provided for us as students. Therefore, I feel it is important that those deciding on the allocation of our incidental fees should care enough about the state of our student union, today as well as 20 years from now, to adequately and impartially appropriate money where need be. I do hope you will vote me, Jessica L. Richelderfer, into the EMU Board.

Christa Shively

Hi, my name is Christa Shively. I am currently a freshman and originally from the Beaverton area. This year I have been involved with the ASUO, interning for the Executive team. My experience with student government has increased my awareness concerning student issues and made me want to become more active within the University. The EMU plays an important role in creating the dynamics which exists here at the University. It is the hub of all the student unions and home to a variety of student services. Whether you are attending one of the 10,000 meetings that take place there or grabbing a quick beverage on the way to class, the EMU is at the heart of the student experience. My purpose for seeking the EMU Board At-Large Position is that I want do my part to make a positive difference within the campus community. I feel that I could successfully represent and express the views of the students necessary to apprise the EMU Board. I want to raise the EMU Board's awareness about current issues concerning students with a proactive approach bringing about positive changes.

Thank you

**ASUO Programs
Finance
Committee**

Willie Thompson

Hi. I'm running for the PFC. Right now I'm sitting on the PFC as the ASUO Programs representative. Since I've been involved in programs, and have had to go through the budget process before I was on the committee, I know how frustrating and difficult the budget process can be. If elected, I'll be there to help groups get through all the bureaucratic shit and make the process as smooth as possible.

I am a big proponent of our current fee system and students' complete control over it. The fee is constantly under attack so we all need folks in the student government who will fight to maintain student control over the fee.

One of the most important attributes PFC members need is the ability to get along with people and work with them in a constructive and productive fashion. I think I've done a really good job of doing this. This year I've worked with my fellow committee members

and the programs to improve the level of programming and maintain a level of fiscal responsibility: a balance which improves the lives of students and makes the best use of their money.

Finance Senator**

Jackie Lynn Ray

As a freshman at the University of Oregon, I was required to pay out money for incidental fees. I didn't know where these funds were going and never thought about it again until recently. By working at the ASUO this year, I have begun understanding how these funds were utilized. Yet, as the enrollment at this campus continues to rise the output of money for the student fees continue to increase.

As a member of the Senate, my main objective would be to show where these funds are being allocated. I feel that students understand that the money goes to the clubs and/or organizations on campus, but don't realize how the money is used to benefit them. The fees allow us to have a school environment that is full of diversity.

Leadership, responsibility and dedication are all qualities I want to bring to the Senate and I feel that I would be a valuable asset to them, as well.

2 years, ASUO
Programs
Finance Senator**

**Mary Elizabeth
Madden**

Our student fees support many programs and services that most of us take for granted, but they are an important part of our campus community. From my experiences as an ASUO Executive intern and volunteer, secretary of the University of Oregon Bookstore, Inc., Board of Directors, and treasurer for two other groups on campus, I have seen both the political and financial sides of a budget. My majors of political science and business have further added to my skills and knowledge. I believe that we need to protect our fee system and maintain student control over our money. I will fight for a balance between funding our programs at the levels they need and keeping student fees reasonable, and I will work to make sure that student money is spent responsibly.

If you have questions or concerns, please contact me at mm11470@gladstone. And remember:

Working together to get things done.

When Mitra and Wylie asked me to work on Programs Finance Committee this year I didn't know what to expect. I found it nearly impossible to perform adequately unless all the PFC members worked together and tried to accomplish the same goals by the same rules. I and my colleagues planned to be unitary body with a purpose. We
