Horoscope by Linda C. Black TODAY'S BIRTHDAY (Feb. 28). There may be interesting changes this year. Make sure they work out for the best by staying in charge of the situation. Go back instead of forward to reach a goal in March. The money flows freely both in and out in April. Learn quickly through experience in May and anticipate a career move around June. Be on the path to your dreams in August and succeed beyond your expectations in December. Your friends congratulate you in January. Pay off an obligation in February. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging. ARIES (March 21-April 19) — Today is a 5 — You're a responsible person, and it looks like you're carrying a heavy load right now. You're trying to protect someone you care about. You want to try something new, and this all is within the context of your career. Just take it one step at a time. TAURUS (April 20-May 20) — Today is a 5 — Your money could be in a state of flux again. You have some coming in and some going out. Your objective is to end up with more than you started with, remember? It is possible if you count the value of everything you have acquired. GEMINI (May 21-June 21) — Today is a 6 — Recent changes may force a reorganization of your life. Your routine could get scrambled, possibly through no fault of your own. Pay attention not only to what you're doing but to what other people are doing that affects you. You snooze, you lose! CANCER (June 22-July 22) — Today is a 7 — The worst of it is over, and things should get easier. The overall outcome tonight should be positive. Tomorrow might even be fun, so schedule accordingly. Don't plan anything too outrageous for tonight; you'll still be tidying up. LEO (July 23-Aug. 22) — Today is a 6 — The fun and games continue this morning, but around noon, you'll have to settle down. There's going to be a lot of work to do this afternoon. If you're not where you're supposed to be at the time you're supposed to be there, you will be in trouble. Take care! VIRGO (Aug. 23-Sept. 22) — Today is a 6 —
