## Horoscope by Linda C. Black

**TODAY'S BIRTHDAY** (March 3). This will be a busy year, but don't despair. The effort you put in now will be a good investment, financially and spiritually, too. Make time for contemplation in March, with experienced guidance. A bold move in April could lead to a raise in pay. Focus on the routine in May and get it down pat. Use what you're learning to upgrade your home in June. Accept a co-worker's guidance in August. A puzzle should start making sense in September, and new information comes to light in December. Save most of next February for private contemplation.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

**ARIES** (March 21-April 19) — Today is a 7 — Your group effort continues to be successful. You're stimulating each other to come up with good ideas. Your hopes and dreams haven't quite happened yet, but they're closer to becoming reality. And, you're making some good friends in the process, right?

**TAURUS** (April 20-May 20) — Today is a 7 — You're probably still in a tough situation. Your skills are increasing, and your confidence should be increasing, too. Keep after what you want, and your odds of getting it are good. When you learn this way, you never forget the lesson.

**GEMINI** (May 21-June 21) — Today is a 7 — You're going through a rather difficult phase. If you're traveling, be careful. You're lucky, and you'll probably get what you want, but you ought to be careful anyway. Be considerate of other people's feelings and get things down in writing, too.

**CANCER** (June 22-July 22) — Today is a 5 — If you're working on a business deal, don't take any chances. Have all the facts and figures at your fingertips. If you know exactly what you're talking about, you can make the sale or win the argument.

**LEO** (July 23-Aug. 22) — Today is a 6 — You and your mate or business partner should continue your discussion. A lucky break could work in your favor, but don't take many risks. It's up to you to make sure this deal works out well for you both. Don't make assumptions or

leave anything to chance.

**VIRGO** (Aug. 23-Sept. 22) — Today is a 6 — You're still busy. Your skill level is increasing, and your luck is getting better. You've had about all the frustration any one person should have to endure. Don't rely on the person who should help, however. Just go ahead and handle it yourself.

**LIBRA** (Sept. 23-Oct. 23) — Today is a 7 — There's more love than money, so don't plan an expensive excursion. If you keep the money stashed, you'll have a better time, anyway. Finishing a job together could be more fun than going out, too. Just spend as much time as you can with the ones you love the best.

**SCORPIO** (Oct. 24-Nov. 21) — Today is a 6 — You're busy, but that's just the way it should be. Things are going almost the way you want, but not quite. It would help if a partner worked with you on this. If you can't make the deal by yourself, get a friend to ask for you.

**SAGITTARIUS** (Nov. 22-Dec. 21) — Today is a 6 — Your best bet is to go back to school. Something that you find frustrating could be mastered. The trouble is you don't know what you don't know. You may not have to take a class. You might get there by reading a book. Give it a try.

**CAPRICORN** (Dec. 22-Jan. 19) — Today is a 6 — You'll probably end up with a profit if you can curtail your spending. You think you've got plenty, but you could wind up with not enough. Instead of shopping, clean thoroughly. You may find something that you thought was lost forever.

**AQUARIUS** (Jan. 20-Feb. 18) — Today is a 7 — You're powerful. The only thing that you need to be careful with is your money. You may think you have more than you really have. Take a few moments to figure out the bottom line before you go shopping.

**PISCES** (Feb. 19-March 20) — Today is a 6 — You're being pushed to take action. The deadline's approaching; procrastination is no longer an option. Mistakes will happen, by the way. You can count on that. Don't expect to go full speed ahead. Slow and easy does the trick, so get started.
