Horoscope by Linda C. Black

TODAY'S BIRTHDAY (March 8). A gamble might pay off this year, but to you it's more like a sure deal. If you don't feel certain, don't do it. The opportunity should present itself around April. You'll have plenty in May, so take good care of it. You can make it last at least through August. Work takes on new meaning around August. Don't overspend in October. Knock boldly and doors open in December. Your dreams could be prophetic, especially next February. Get in the habit of writing them down.
