Horoscope by Linda C. Black TODAY'S BIRTHDAY (March 9). You could learn more than you believe possible this year. Your attention span deficit is cured! Consider your past in March, but don't be slowed down by it. In April, move quickly to advance in your career. Set up a routine for learning in May, and then stick to it. Work to upgrade skills for more than the money in August. Your partner is your best coach in September. There's a test in December. If you've studied, you'll pass with flying colors. Let an old wound heal in February. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging. ARIES (March 21-April 19) — Today is a 7 — Do you have something another person needs, and are you willing to trade? A good deal is close at hand. Watch for it. Don't believe a friend who doesn't understand the whole story. You're the best judge of whether or not this will work. TAURUS (April 20-May 20) — Today is a 7 — The moon is joining Jupiter in your sign. This is good for you. Jupiter means abundance, so what do you want? You're about to be validated. Others will finally realize you were right all along. Don't you love it when that happens? GEMINI (May 21-June 21) — Today is a 7 — You'll have good luck today if you play by the rules. In other words, the harder you work, the luckier you'll get. Make a commitment, and you'll push things in the right direction. You'll be judged more by what you do than what you say. Postpone travel. CANCER (June 22-July 22) — Today is a 7 — You and your friends can accomplish an important task. Work's involved, but that's OK. Once you decide on the rules and regulations you're going to follow, the rest should be easy. You'll need a budget, too. No problem, right? LEO (July 23-Aug. 22) — Today is a 6 — You could be quite successful today, especially if you follow orders. That's not easy since you'd rather give them. You can do it, though, and right now it's a good idea. Don't sign anything without reading it carefully, either. VIRGO (Aug. 23-Sept. 22) — Today is a 7 — If you have a complaint, especially regarding a work-related matter, relax. Talk it over, and the other person will probably see the logic of your argument. Do the homework first so you have all the facts on your side. LIBRA (Sept. 23-Oct. 23) — Today is a 7 — You're lucky regarding money today, especially if you want it for education or books. You'll be able to acquire the tools you need, too. Don't overdo it, though. Don't spend more than you can expect to make back in the next few years. That's counterproductive! SCORPIO (Oct. 24-Nov. 21) — Today is an 8 — This is a good day to discuss a partnership agreement. At least one point hasn't been ironed out, yet. You can win, and so can the person who's most important to you. The others might have to do without, but that's OK. Works for you, anyway, right? SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 7 — You have to play by the rules, but if you do, you can have what you're after. You want to do things your way, however. Hmm. Well, nobody said this was going to be easy. You can sure make it easier, however, by going along with what's required. CAPRICORN (Dec. 22-Jan. 19) — Today is an 8 — It won't take many words to get your meaning across. You're being judged more by what you do than what you say, anyway. Don't fall for one who makes big promises, but doesn't deliver. That's not your style, so don't let that person knock you off stride. AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — Home is where the heart is, and that's where you should be, too. Trouble is, you'd like to be just about anywhere else. If you're struggling with a tough household project, relax. If you stop fighting it, cleaning up a big mess could be relatively easy. PISCES (Feb. 19-March 20) — Today is an 8 — Set up a structure, and you'll achieve what you want. This could help you become more successful in your career, too. There's a lot to do, that's for sure. That's why you need to set priorities first. Some of it doesn't have to be done at all.
