Horoscope by Linda C. Black

TODAY'S BIRTHDAY (April 3). You're getting stronger as the year goes on. Remember to be gentle, too. Worries slow you down in April, but that's OK. Resolve them before proceeding. In May, pay for what you need to get your questions answered. By August, you'll feel feisty and attractive, too. A mate you meet around October may not be quite as you think. By December, the truth should be revealed. You and your team are red hot in February; take care then not to overspend. A secret love sparkles in March.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 6 — You've recently gone through an intense introspection. This is good, and now you're about to get creative again. You'll take off like a rocket soon. Heed the advice of a friend who tells you to be cautious about money. That could be me, actually.

TAURUS (April 20-May 20) — Today is a 7 — You'll have a lot to think about for the next couple of days. Do your planning now so you're ready to take action at the end of the month. Figure out what you want, what it looks like and how you're going to get it.

GEMINI (May 21-June 21) — Today is a 7 — You and your teammates should have a great time now. Meet with as many people as possible, especially to advance your career. Don't hesitate to accept an offer or a good deal. You're right; you don't see ones like that every day!

CANCER (June 22-July 22) — Today is an 8 — You may get to take on more responsibility. Do you see something that needs to be done? How difficult can it be? Others can do it, so you can learn. Rely on the counsel of your friends, too.

LEO (July 23-Aug. 22) — Today is an 8 — For you, this is a day to travel. You might make some good contacts with people who are far away, too. Research the deals you can get through catalogs and the Internet. You may be pleasantly surprised.
