**TODAY'S BIRTHDAY** (April 10). You can have your dream home this year. Use experience to inspire bold action and turn fantasy into reality. You may feel vulnerable in April, but by May, you should know just what to do. Friends disrupt your status quo in July, and a secret admirer is inspirational in August. Try not to overspend this winter, by curbing your natural generosity. Friends provide a needed household item in February, and a hunch could lead to love in March.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

**ARIES** (March 21-April 19) — Today is a 5 — You might be a little irritable and impatient, so take care. You could make quite a bit of money, but not if you're rude to the person who can give it to you. Do something that will be profitable, while remembering your manners.

**TAURUS** (April 20-May 20) — Today is an 8 — Jupiter, Mars and Saturn are in your sign. Jupiter is abundance, Mars is strength, and Saturn is past experience. The moon will be a beneficial aspect to them all. Advance your personal agenda and your skill level. Go for it!

**GEMINI** (May 21-June 21) — Today is a 7 — You could profit through an insider's tip. For example, you could find out about a sale before everybody else. Keep your ear to the keyhole. Ask questions, but don't tell what you know until you get what you want.

**CANCER** (June 22-July 22) — Today is a 7 — You should be more confident and assertive. You could get the support you need from friends, too. If you want something, just let them know. They'll come up with good ideas — and some ideal goods.

**LEO** (July 23-Aug. 22) — Today is a 7 — A couple of interesting things are going on in your life. A secret admirer may help you advance your career. Your good relationship with the boss' secretary, for example, could help you get your foot in the door to make the big sale.

**VIRGO** (Aug. 23-Sept. 22) — Today is a 6 —

Friends are the key to your success today. Other people's money comes in handy, too. Don't worry about it. If you can figure out how much is needed, others will help you get it. Meanwhile, plan a little vacation to avoid burnout.

**LIBRA** (Sept. 23-Oct. 23) — Today is a 5 — Things are really moving today. Tensions are high, too. Quick action is required, but which way should you turn? Well, you'd be wise to look in all directions simultaneously. If you relax, you could be left behind.

**SCORPIO** (Oct. 24-Nov. 21) — Today is a 7 — Your intuition should be on target. You have a secret calm about you, too. Others may be frazzled, while you cruise along with a serene demeanor. Keep it up; you're driving them even more crazy!

**SAGITTARIUS** (Nov. 22-Dec. 21) — Today is a 6 — You could access a lot of resources. Is the work that you're doing benefiting somebody else more than it's benefiting you? You're a pretty good sport, but don't give up your share so somebody else can have more. Do the math.

**CAPRICORN** (Dec. 22-Jan. 19) — Today is a 7 — Expect a lot of activity today. It's nervous energy, so practice your meditation. You want to make sure nobody's representing you or spending your money recklessly. You may have delegated some chores, but you don't have to give up control.

**AQUARIUS** (Jan. 20-Feb. 18) — Today is a 6 — You're trying to fix things for other people, but don't shortchange yourself. You need time to fix a few things at home, too. Taking care of others is important, especially now. Your job could depend on it. But, don't take your job home with you.

**PISCES** (Feb. 19-March 20) — Today is an 8 — This could be a fun day. A subject you've studied could start to make sense. You'll use what you learned to make some more money, too. Spend as much time as you can with somebody you like a LOT. You may not have this luxury later.
