NCAAs await Ducks

Both the men's and women's tennis teams eye individual berths in the NCAA tournament today

By Robbie McCallum for the Emerald

Although an NCAA tournament bid is unlikely for either Oregon tennis team, several individual berths are up for grabs today through Sunday at the Pacific-10 Conference Championships in Ojai, Calif.

Five men and three women represent the Ducks at the Pac-

10s, which coincide with the Ojai Valley Amateur Tournament, the Big West Championships, the Division 3 Regionals and the California High School Championships. More than 1,000 participants will play during the three-day tennis marathon.

Thirty-two singles players and 16 doubles teams will compete in the single-elimination Pac-10 tournament featuring nine conference schools. Its outcome will have a heavy effect on who is selected to go to the NCAA Championships on May 15 in Malibu, Calif.

Representing the Duck men are seniors Guillermo Carter and Joaquin Hamdan, sophomore Thomas Schneider and freshmen Oded Teig and Leslie Eisinga. With a No. 45 ranking, Carter is the seventh-highest ranked Pac-10 player. He will face No. 94 Scotty Scott of Stanford in the first round today.

The only other ranked Duck is No. 100 Schneider, who faces

“Every match will be a tough one.”
Jack Griffin
 women's coach

Washington's Jeremy Berman. Earning a tough first-round draw was Hamdan, who takes on Stanford's No. 12 Geoff Abrams. Teig will face Arizona State's Matt Klinger.

On Friday, the 39th-ranked doubles team of Carter and Eisinga take on UCLA's Jean-Julien Roger and Jean-Noel Grinda. Schneider and Teig face California's John Paul Fruttero and David Tzou.

On the women's side, No. 61 senior Alina Wygonowska and No. 62 freshman Monika Geiczys have the best chance of any Duck for a NCAA bid. Wygonowska plays Arizona's Uzma Kahn while Geiczys battles Southern California's No. 56 Kara Warkentin.

Sophomore Janice Nyland hopes to continue her recent win streak against Arizona State's No. 36 Karin Palme.

Oregon's lone doubles team, Geiczys and Nyland, will take on UCLA's Abigail Spears and Elizabeth Schmidt.

“Every match will be a tough one,” women's coach Jack Griffin said. “It's a great opportunity for Alina and Monika to solidify their spot in the NCAAs.”

Why Is This Person Smiling?

She has just discovered the ease of **Wireless Internet Access** now available to students on the UO campus and paid for by your Educational Technology dollars.

Using a small PCMCIA receiver card in her laptop, she is able to surf the Web at speeds comparable to that of a wired connection—or **about 100 times faster than a modem connection.**

This service is now available throughout the **EMU** and in the **Atrium of Willamette Hall.** So, why not get a cup of coffee and sit down with a wireless connection and surf away at high speed?

Students interested in using this service can check out the necessary PCMCIA receiver cards from the help desk in the EMU Computer Lab (22 EMU).
