Beautiful weather. Beautiful results.

The Oregon Club Sports Women's Ultimate Frisbee team finished second at last weekend's Northwest Regional tournament in Santa Cruz, Calif., and secured a berth at the national championship tournament in Boise on May 27 through 29.

The Ducks played seven games in two days, losing only once to eventual tournament champ UC-Davis.

Behind the excellent play of senior Corrie Nichols, Emily Dietzman and Anna Meraas, Oregon bounced back from its loss to the Aggies on Sunday afternoon with

a down-to-the-wire 11-10 hard-cap win against Stanford.

"We had a great time," team member Laura Bartross said. "We played really well together. Corrie, Emily and Anna played awesome for us."

Baseball wins two of three

Humboldt State baseball players knew they were playing against a completely different Oregon team than they had the last time when their first two runners got thrown out by Oregon catcher Keyonosh Maljai.

The Lumberjacks ousted the Ducks (6-5) from the post-season tournament last season, so Oregon coach Rich Fay said before this season started that Humboldt was the team the Ducks most

wanted to beat.

Not only did Oregon beat them twice in the three-game series, but the Ducks also beat them in very different ways.

In the first, Zach Ross handed the Lumberjacks' first loss of the season by allowing only one run and striking out six. The next game the Ducks scored 16 runs on 16 hits to end a roller

coaster game, in which Humboldt tied the game twice. The first tie was at 9-9 and the second tie was 14-14.

But Maljai's two-run home run in the ninth proved once again that the Ducks can win close contests. The second win secured the Ducks' first winning season since

1993.

"We should have ended the game in the seventh inning when we were leading 14-9," Fay said. "But we just couldn't finish it. When the players begin to feel comfortable with the lead, they tend to lose their concentration on defense."

Besides Maljai who drove in four runs, shortstop Kerry Jenkins scored three runs; outfielder Ross scored four times; and first baseman Ty Cademartori had three runs on three hits.

The next day Oregon lost the third game 11-3. Fay admitted that the team did not have the mental edge because they had already won the two games the previous day. Fay said the team feels confident that it can compete against any team if it is healthy. The Ducks still have injured players and Fay hopes many of them will be available

"Though we beat both teams in a way that our players may feel comfortable playing against them," Fay said. "They are both dangerous teams."

TODAY'S BIRTHDAY (May 2). Finish old projects this year. Some don't have to be done, so scratch them off your list. You'll be amazed at how confident you become once you stop feeling guilty. Take charge of the situation in May. Your experience gives you the edge. Instead of taking a new route in July, head down a familiar path. Pay attention to prices this summer and fall so you'll know a good deal when you see one this winter. Stick to your position in February, even under pressure. People are talking about you in April, and they're saying nice things. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 5 — The clump of planets and sun in Taurus mean money for you. It's coming in, but you might not be able to keep it. Now, you're supposed to be pretty smart. Use those brains to hold onto what you've already accumulated.

TAURUS (April 20-May 20) — Today is a 9 — You may feel like you should be doing something right now! You don't want to change, however. You're comfortable. Well, if you get out of that comfort zone for a while, you may discover a way to put your mind to rest. Action is required.

GEMINI (May 21-June 21) — Today is a 3 — You may have an opportunity to gather with talkative friends. Usually, you'd accept, but today you may feel like hiding out. A prayerful retreat wouldn't be a step backward. It could help you decide which route to take when you race forward again.

CANCER (June 22-July 22) — Today is a 9 — You may notice you're getting over your shyness. There are lots of interesting things to do, and you want to be in the middle of the action. You might even be chosen for a leadership position. Get used to it! People like your fresh ideas.

LEO (July 23-Aug. 22) — Today is a 5 — Imagine a huge mudslide is blocking your career path. If you're clever enough to find a way around this difficulty, you may look back on this phase as one of the pivotal weeks in your life. Nobody said it would always be easy.

VIRGO (Aug. 23-Sept. 22) — Today is a 9 — If you want to invest in yourself, look for ways to fund it with other people's money. An opportunity could arise, requiring you to travel. Or, you may need to get more education. Don't just decide you can't afford it. Seek financial backing.

LIBRA (Sept. 23-Oct. 23) — Today is a 5 — Right now you should study ways to make your money grow. Figure out what will work best for you. Ask other people for advice but don't just rely on their judgment. You're liable to be good at this once you learn how to do it.

SCORPIO (Oct. 24-Nov. 21) — Today is a 9 — A powerful, yet practical, person is the best type to have in your life, and one could be nearby. You'll know if the two of you would make the perfect pair. If you would, he or she will be banging your door down, ready to get started!

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — You're up for a busy day. Squeeze in a few moments for yourself and your true love. The rest of the time, you'll hustle just to keep up with demand. The work's plentiful; a routine makes it doable. Stop arguing with success and follow your plan.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 9 — You may want to stay home and play. If you've worked enough overtime, you might be able to do that. You can always be counted on to go the extra mile for others. Today, however, you may be forgiven if you place your needs first. Ask.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 6 — You are intelligent, but today you could be awesome. You've been thinking carefully, as usual, before making a big decision. This is good. Make sure what you do is best for your family. And, if you can do it from home, so much the better.

PISCES (Feb. 19-March 20) — Today is a 9 — Let others know what you've been doing and what you want to do next. If you don't quite know how to do the next job up, don't worry. You'll learn quickly. If you're motivated, dedicated and focused on your goals, you can't lose.
