### West is the best

The West Regional features some of the toughest competition of any tournament the Ducks have played in this year. Every team in the 24-team

field is ranked among the nation's top 50, including seven of the top 10 and 15 of the top 25.

Along with top team competition, the Ducks face some of the best individuals in the country next week.

Eight of the country's top 10 golfers will play in the regionals, including the top three — Jenna Daniels of Arizona, Miriam Nagl

of Arizona State and Candie Kung of Southern California, who won the individual title at the Pac-10 Championships last week.

The hottest team at the regionals — and the favorite — is No. 1 Arizona. The Wildcats' victory at the Pac-10 Championships a week ago marked their sixth straight win and their seventh in nine tournaments.
