Horoscope by Linda C. Black

TODAY'S BIRTHDAY (May 18). Gather up as much as you can in May. June is liable to be expensive. Only spend on a sure thing that will help you make your future more secure. Your partner and your intuition help you make a wise choice in July — and again in November. Unforeseen developments could drain your reserves in December, so try to be ready for anything. Have the facts at your fingertips to prove your point in February and bring in more money, too. All year, be prepared and succeed.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 6 — You should get more interested in travel soon. You may want to take a class or two, too. How about learning the language of the place you're going? That'll give you a real advantage if you want to do business there. And, why not?

TAURUS (April 20-May 20) — Today is an 8 — You and your partner have been arguing, but don't worry. You will win because you care more about this than the other person does. You may have known that, instinctively. You'll make a wise purchase, too. Just take your time and do it right.

GEMINI (May 21-June 21) — Today is a 7 — You can have a breakthrough, regarding your relationship. Although it's fun to do whatever you want, playing by the rules might work better in the long run. Have the two of you agreed on the rules? If not, do that. It'll make a big difference.

CANCER (June 22-July 22) — Today is a 7 — Early in the morning, you'll most likely be in a cuddly mood. Share a special moment with your loved ones. You'll start to get interested in business later, and you may want to work through dinner. With planning, that could turn out OK.

LEO (July 23-Aug. 22) — Today is a 6 — You could be in a playful mood, but watch out! Somebody important could be watching you! You don't want to be telling jokes at the water cooler when that happens. Look busy, and
