Horoscope by Linda C. Black

TODAY'S BIRTHDAY (May 23). The pennies you've been pinching should start to add up. Where are you going, Tahiti or Bora Bora? Set a goal that excites you in May and a budget you can live with in June. By July it should be almost easy and fun. Talk a partner into going along in August and continue with your plan throughout the winter. New information could cause a change in December. Finish your chores so you can travel through most of February. Keep up on the news back home through a secret informant. Your experiences help you conquer old fears by next May.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is an 8 — Are you involved with a volunteer group? You'd probably be good at coaching or tutoring teens. You always feel better when you're contributing. You'll love it, and so will they!

TAURUS (April 20-May 20) — Today is a 7 — Figure out the next step you should take to be more successful. You're so creative and smart, as well as practical, you should have everything you want. Imagine you're already at your goal and work backward from there.

GEMINI (May 21-June 21) — Today is an 8 — It's not as easy as you'd like. You want to run and play, but that's not happening, yet. You need to do a couple of things, and if you forget them, there'll be trouble. So, go over your lists one more time. Then run and play!

CANCER (June 22-July 22) — Today is a 7 — You're under a little bit of pressure. A professional might be able to help. A private conversation, maybe over the phone, may calm your fears. Don't just sit there stewing. Make the call!

LEO (July 23-Aug. 22) — Today is an 8 — You may be thinking about making a romantic commitment. If you don't have a mate yet, hang out with a good group. Folks who are working for a worthy cause will be glad to have you on their side. One of them might be The One. If you have a mate, go together.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 — People are asking too much of you. They might not be paying you what you're worth, either. They may not be paying you anything at all. Don't complain; just do the best job you can. It's good practice.

LIBRA (Sept. 23-Oct. 23) — Today is a 9 — You'll succeed at just about whatever you try. You still have to live within a budget, but that's OK. You should feel fine, and you probably look marvelous. Your love life is getting even better.

SCORPIO (Oct. 24-Nov. 21) — Today is a 6 — If you have an appliance that's on its last leg, go shopping. This could be expensive, so look for the best deal. Do it before the thing burns out, if possible. You might even find something that will save you money.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 7 — It's time to learn a new trick. Don't rely too much on your new method, yet; there are still bugs in it. You and a friend could work on this together, which would be good. Two heads would be better than one.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 6 — You have a lot of work to do, and it could bring in a lot of money. Nobody's telling you to do this; you came up with it on your own. If this is successful, you could do quite well. So, follow through.

AQUARIUS (Jan. 20-Feb. 18) — Today is an 8 — You may feel stressed initially, but then you'll kick into high gear. Others are cheering you on, so soak up their acknowledgment. It will help you go even faster. You may break your old record!

PISCES (Feb. 19-March 20) — Today is a 6 — You may be in a pensive mood. You have an idea about what you want to accomplish, but you're not sure how to do it. Maybe you should spend more time at the drawing board. Get your plans worked out before you buy supplies.
