Horoscope by Linda C. Black

TODAY'S BIRTHDAY (May 24). If you set up a budget and stick to it, you'll be amazed at how far you can get. It will take a plan and discipline, but you can make a dream come true. By June you should know what you want. Write it down even though you won't forget. Figure out how much money you'll need in July. You'll be better with numbers then. The summer looks pretty normal, with time out in September and October to be with family. Keep costs down in December by being creative. Be ready to go by February. Spend May saving memories.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 9 — Get together with your favorite group, and learn something interesting. You'll be so smart, you'll learn even the most difficult subjects easily. You may be having so much fun, you're hardly aware that you're learning at all! But, you will be.

TAURUS (April 20-May 20) — Today is a 7 — Today you could get something valuable by talking with an older person. This could happen without you even asking for it. So, why not go and visit one of your older friends or your folks. You could come away a much richer person.

GEMINI (May 21-June 21) — Today is a 9 — You might hear something today that sort of shatters your old beliefs. Don't worry; you'll keep the good stuff and sluff off something that never worked well anyway. There's always room to grow when you're growing in your faith. Ask questions.

CANCER (June 22-July 22) — Today is a 7 — If you're trying to get more for less, you've probably been frustrated lately. It's important to persevere, however. The early bird doesn't get all the worms. If you hang around and watch, you could find a great prize, too.

LEO (July 23-Aug. 22) — Today is a 7 — Hand your keys over to your mate or partner, and let him or her do the driving. Same goes if your current partner is your journey. The other person will be able to state your case much better than you can, so sit back and relax.
