Horoscope by Linda C. Black

TODAY'S BIRTHDAY (May 25). This year you could have a great idea for a fun business. What would you like to be doing 10 years from now? It's easy to identify your talents in June, so set your goals then. Discipline's required, and this could get costly in July and August. A distant contact provides what you need in October. Romance could flourish then, too. A critic helps you clean up your act in December. Reach out in February but not in person. By March success should be in sight. Review what worked and what didn't in May and only keep the former.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is an 8 — You ought to hang out around an educational environment. You're thirsty for knowledge, and that's good. If you're worried that those folks are smarter than you, guess again. They may be better educated, but you can fix that in time.

TAURUS (April 20-May 20) — Today is a 6 — This could be a good day to ask for more money. If you're upset because you don't have enough to pay the bills, don't stress about it. Use it as motivation, instead. The overall outcome is beneficial. Tonight, relax with your friends.

GEMINI (May 21-June 21) — Today is a 7 — The earlier part of the day should be easier. A couple of problems could show up if you travel, however. One minute everything's fine; next minute you're facing a problem. If you're out and about, watch where you're going!

CANCER (June 22-July 22) — Today is a 6 — You're pretty good at behind-the-scenes wheeling and dealing. The objective today is to make a profit. If you and a friend work together, you have a better chance of success. Odds are good you'll emerge victorious — or at least learn a lot.

LEO (July 23-Aug. 22) — Today is a 7 — You may have to talk to several people, maybe even a committee, before you know exactly what you're after. Once you're out in the world, don't get sidetracked by an item you haven't evaluated. It's not going to work as well as the ones you've studied.

VIRGO (Aug. 23-Sept. 22) — Today is a 5 — Expect plenty of work, and more is coming in every minute. You could have trouble with communications. Take care when talking on the car phone. Find a good place to pull over. If you can hold off on ordering or shipping until tomorrow, do that, too.

LIBRA (Sept. 23-Oct. 23) — Today is a 8 — Venus, your ruling planet, is going into Gemini. That will turn your attention toward romance. Some work still needs to be done, however. Don't forget it, or there'll be trouble.

SCORPIO (Oct. 24-Nov. 21) — Today is a 5 — You could run into a few barriers today. If you're doing a real estate transaction, for example, you'll find out what's wrong with the house. You might buy it anyway, but the fantasy has been replaced by reality.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 7 — You may learn from a partner, mate, attorney or an expert you've hired. You might want to spend the whole day in class, but work keeps interfering. Don't plan to go dancing tonight. You'll want to find a comfy couch and to stay in it.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 6 — You'll work hard for the money. That part's good, but today it's not as nice as yesterday. Your assignment could extend into your play time, and that could be irritating. Reschedule your date, if necessary.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — Love, good luck and romance are coming your way. But, finding time to be with your sweetheart is hard. Interruptions can be annoying. Don't let them make you cranky. You get luckier in love every minute, and this condition will last for a while.

PISCES (Feb. 19-March 20) — Today is a 6 — This is a good day to discuss a difficult subject in private, with an expert. What this person tells you may be hard to understand at first, but don't shy away. You're smart, and getting smarter, remember? Did you know Pisces is the sign of genius?
