Horoscope by Linda C. Black

TODAY'S BIRTHDAY (June 2). You're awesome this year. You're forceful and dynamic, yet friendly. An admirer's compliments boost your confidence in June. Turn this opportunity into cash by July. Take it easy this summer, with minor household projects. By December you should be ready for a new partnership or to transform an old one. In February travel down an old familiar path. The routine you're into by May could last a while, so choose something comfortable.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 9 — You may prefer to spend without keeping track of every penny. That's great, but even those who are made of money don't do it for long. If you're smart, which you are, you'll even cash in your coupons today.

TAURUS (April 20-May 20) — Today is an 8 — Do the homework before you shop. You might find the same thing for less money. Quality's important, of course, but you sure don't have to waste your pennies on a name brand label!

GEMINI (May 21-June 21) — Today is a 10 — You look good today. You're not only strong, friendly and intelligent, but you're also lovable. Ask for what you want. Start new projects and make things happen. People want to be on your side!

CANCER (June 22-July 22) — Today is a 7 — You could be worried, but you could also come up with a great idea. Don't sink into melancholy thoughts. Take action, instead, on something you've thought about for awhile. The benefits are for you — and your family, too.

LEO (July 23-Aug. 22) — Today is an 8 — You and your group could be hyperactive now. You're most likely having a good time, too. Are fun and games interfering with a promise you made to a loved one? Don't put off calling if

you're going to be late!

VIRGO (Aug. 23-Sept. 22) — Today is a 6 — You probably should look for ways to advance your career. You may be offered more work, but are you also being offered more money? Better read the fine print before you sign anything!

LIBRA (Sept. 23-Oct. 23) — Today is a 10 — You're probably raring to go. It's hard to keep you penned in. If you're making a break for it, take care of an important errand first, like getting the oil changed in the vehicle, for example.

SCORPIO (Oct. 24-Nov. 21) — Today is a 6 — If you owe a debt, pay it off. That could make it easier for you to borrow more, later. Tie up all the loose ends. You'll feel better and look better to the lenders, too.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — Is somebody representing your best interests? Don't get into an argument without a partner who'll champion your cause. Somebody can speak for you better than you can speak for yourself, and that's saying something!

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — Focus on caring for others now. Don't worry about your agenda; that can wait. If you do what somebody else needs, you'll wind up a winner, too. Besides, your agenda may change in the meantime.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 10 — You're smart and lucky! You need to play by the rules, however. You might fall in love, maybe with someone you've loved for years. New love's grand, of course, but nothing's quite like the good old forever kind.

PISCES (Feb. 19-March 20) — Today is a 7 — A lot of action is going on at your house. Are you moving or changing things around? Getting a new computer or electrical appliance? This is a fabulous time for a technical upgrade.
