Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Aug. 23). Expect many changes this year, some in how you see yourself. Start by listing your talents in August. Ask for your share of the wealth in October. An older person teaches you a valuable lesson in November. Another transformation could occur naturally in December, as you outgrow one phase and begin another. There's more work than money in June, but creativity blossoms by July.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 5 — You are smart today. You are capable of learning quickly. If you do the reading and watch an expert, you will acquire the skills you admire. A high level of accomplishment is required to maintain the position to which you aspire. So, practice!

TAURUS (April 20-May 20) — Today is a 7 — Having lots of love in times of no money is better than lots of money in times of no love. So, especially, if money's tight, don't say something that would hurt. The other person may not have your experience or objectivity. Teach through your example.

GEMINI (May 21-June 21) — Today is a 5 — You and somebody you live with could get into a brawl. You want things to go one way, and the other person doesn't see why. You're the stickler for the rules this time, and you can prevail. Be graceful, as well as right, and patient.

CANCER (June 22-July 22) — Today is a 6 — What you thought was going to happen might not. What you thought was the truth might be fiction. The more you learn, the more you realize you didn't know. Be cautious and don't spread rumors. The full story might not be revealed until tomorrow.

LEO (July 23-Aug. 22) — Today is a 5 — Your friends are trying to get you to lead them, but take care. They may be trying to get you to take responsibility for a mistake they're bound and determined to make. Be strong to steer them in the right direction.

VIRGO (Aug. 23-Sept. 22) — Today is a 5 — Somebody in your life may be very strict. You may think this person is stifling your creativity. Instead of arguing, try to take the coaching. It could help you avoid a mistake you'll be glad you didn't make!

LIBRA (Sept. 23-Oct. 23) — Today is a 6 — You may feel like trying something outrageous. You may have friends who are encouraging you to plunge boldly forward. That may not be wise, however. A detail could trip you up. Ask a few more questions before you launch your new endeavor.

SCORPIO (Oct. 24-Nov. 21) — Today is a 7 — Time to look at your savings again. Do you have any? Are your investments producing the highest return? A friend's crazy scheme won't work, so don't do anything foolish. Stick with something that worked before, instead.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 5 — Your partnerships and other relationships are in flux. Expect people to be in the mood to argue. You're taking on new responsibilities and growing. You're testing the limits, and so is everybody else. Don't take any of it too seriously.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 6 — You may want to travel, but you're stuck. The job's difficult, and it's not getting easier. Relationships will go well for the next several weeks, but tonight it may be hard to make a connection. Relax. Don't push against the tide.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 6 — You and your sweetheart or a child could argue about money. Don't decide you won't be able to achieve your dreams. Instead, see if the two of you can figure out a way to bring in whatever you need. Set goals, instead of limits.

PISCES (Feb. 19-March 20) — Today is a 5 — Even though everybody's talking, nobody's speaking for you. You're going to have to do that for yourself. Pay attention. Don't allow your point of view to be overlooked. This won't be easy, but it's important. Be rude, if necessary. They can take it.
