

Horoscope

by Linda C. Black
September 20

TODAY'S BIRTHDAY (Sept. 20). Your past accomplishments help you reach the goal you've sought. After that, you can celebrate. Don't take no for an answer in September. Keep track of the money, and you'll gain more in October. A breakdown in December gives you an excuse to upgrade. Technical difficulties plague your workplace in February. Upgrade there, too, if you can. Do what's required in June, and you could earn a raise. Count your winnings and your losses, in private, in August.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 6 — Plans for the evening may change, so be flexible. Discuss a household project with your partner, but leave room for creativity. The more you learn, the less difficult a challenging job becomes — not only now, but from now on.

TAURUS (April 20-May 20) — Today is a 7 — You thought you could afford something, but what you want costs more than you thought. Don't be stopped by a rude awakening. Find a better deal, instead. Don't worry. That's one of your natural talents.

GEMINI (May 21-June 21) — Today is a 7 — You're quick and lucky, but that doesn't mean what you want will fall into your lap. Work's involved. Fortunately, you love the work, and you're good at it. If it wasn't a challenge, you'd be bored. Today, that's not likely to happen.

CANCER (June 22-July 22) — Today is a 6 — A household project seems to be going well, but watch out. Don't get complacent. Measure two or three times before cutting any of your materials. Be extra careful with sharp tools when you're tired.

LEO (July 23-Aug. 22) — Today is a 7 — Hanging out with a group can be educational, but don't learn the lesson the hard way. If you wind up holding the tab, you could spend more on this project than you can afford. Get the others to share expenses, and you'll have aced the test.

VIRGO (Aug. 23-Sept. 22) — Today is a 6 — You may think you can win an argument that's been going on all week. If this involves a person who outranks you, think again. You could gain more by losing. Don't make a big deal out of a trivial point, even if the other person's wrong.

LIBRA (Sept. 23-Oct. 22) — Today is a 6 — Keep travel to a minimum and don't send that important package yet. If you can wait until tomorrow, you'll have better luck. This weekend's better yet. Same goes for starting new endeavors. Be patient and do more planning, first.

SCORPIO (Oct. 23-Nov. 21) — Today is a 5 — Interesting things are going on. Be a mouse in the corner and listen more than you speak. A stool pigeon nearby will tell you more than you wanted to know. Even that one doesn't have the whole story, however. You can figure it out.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — Don't go into debt on a friend's recommendation. Wait a little while longer, instead. If the deal is such a good one, it'll still be good this weekend. Your chances of winning with a long shot are much better then.

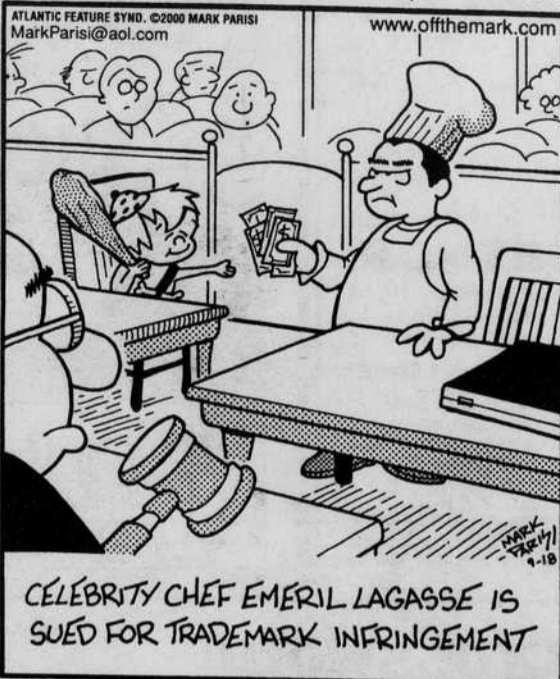

CAPRICORN (Dec. 22-Jan. 19) — Today is a 6 — Don't think about the job so much that you forget to watch the traffic. Postpone a trip until tomorrow or the next day. The farther the distances, the more likely you'll have a problem. Let your fingers do the walking if you can.

AQUARIUS (Jan. 20-Feb. 18) — Today is an 8 — Try not to get impatient. Something you and a loved one want is almost within your grasp. You'll have to get over a couple of hurdles, however. Appreciate what you've accomplished, but know the work isn't over yet.

PISCES (Feb. 19-March 20) — Today is a 6 — Once you get a few more details worked out, your life should get easier. You might be able to relax tomorrow or the next day. Knowing that, lighten up a little. Don't sweat the small stuff. Hold out for what you want the most.
