Horoscope by Linda C. Black
 September 19

TODAY'S BIRTHDAY (Sept. 19). Use your experience to advance this year. If you don't have any, pick a career field and get some. You'll be excellent at finding facts in September. Earn a bonus through work that's fun in October. Rearrange your house for new hobbies in December. Keep doing what works to advance in February. An older person looks upon you with favor in June, and that could lead to an increase in pay.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 6 — You like perfection. You especially like to be out in front of the pack, and being perfect is one method for making that happen. Unfortunately, you might have to change an old habit. Fortunately, you can.

TAURUS (April 20-May 20) — Today is a 7 — The money's still flowing in, but it won't last long if you're not careful. Luckily, you are. Oh, sure, you may blow a little on goodies, but don't get carried away. A trip or higher education looks like a good investment.

GEMINI (May 21-June 21) — Today is a 7 — You and a family member or roommate should have reached a consensus by now. If you're ready to work together, you can make great things happen. If not, you could spin your wheels and waste time, energy and money.

CANCER (June 22-July 22) — Today is a 6 — Try not to let a co-worker's comment hurt your feelings. A change that affects your routine may have nothing to do with you, personally. Watch for ways to stash more money away. A payroll deduction into savings could be perfect.

LEO (July 23-Aug. 22) — Today is a 7 — Try not to feel bad if a friend and your mate seem like they're ganging up on you. They might be trying to teach you something important. If you can learn this lesson now, you'll prove you're smart and gain their respect.

VIRGO (Aug. 23-Sept. 22) — Today is a 6 —

Just because you feel stressed doesn't mean you should give up. Sometimes you get creative under these conditions. There's a chance for advancement today, too. A calculated risk could put you over the top. Be careful with those calculations, though.

LIBRA (Sept. 23-Oct. 22) — Today is a 7 — New information could cause a change in plans. Confer with a loved one before you take off so you're sure to make a connection later. Check with each other now and during the trip, too. Give yourself plenty of time.

SCORPIO (Oct. 23-Nov. 21) — Today is a 6 — Others may think the coast is clear, but don't take unnecessary risks. You don't have to be told twice; you're naturally cautious anyway. Throw a rope around a friend, who's headed for a fall. Don't get too near the edge yourself.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — An initial confrontation could lead to a valuable learning experience. Knowing that ahead of time, you'll watch what you say. A person who looks like an enemy could turn out to be your best friend. Be open to new ideas.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 6 — You're stuck in a rut again. Make the best of it. The more efficient you become, the more you'll get accomplished. That could lead to a raise in status, as well as money. Rake in the dough while you can. There'll be more time to play later.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 9 — Your only limitation is financial, and even that is not going to stop you. The most important things in life are free, right? You may have to wait to take your dream vacation, but you can start planning now.

PISCES (Feb. 19-March 20) — Today is a 5 — Getting your point across may not be easy, but try again. Talk about your frustrations, but don't blame them on your partner. That would make matters worse. Only you can change your attitude, and that may be what happens.
