

GREEK LIFE

What you don't know could hurt you.

What are you doing for the next four years? If you don't know, you may wind up doing more of the same thing. Greek Life at the University of Oregon marks a century of excellence this year, carrying on the traditions and values upon which we were founded. Forget what you think you know. Fraternities and sororities offer more than you think. Greek Life will help complete your college experience and will provide you a life lesson you can't learn in a classroom, residence hall, or an apartment. Our focus lies in lifelong friendships, brotherhood, sisterhood, community service, campus involvement, sports, academics, social life, and leadership.
